0.1.1 Defined Terms

This Rulebook makes reference to various defined terms which have a specific meaning in the context of this Rulebook. In this Rulebook, a defined term is indicated with a capital letter. A full list of defined terms can be found in Chapter 7 of this Rulebook. The Rulebook may make reference to terms that are also used in the Payment Services Directive. The terms used in this Rulebook may not in all cases correspond in meaning with the same or similar terms used in the Payment Services Directive.

0.3 Purpose of Document

The NPC Credit Transfer Scheme is a set of rules, practices and standards to achieve interoperability for the provision and operation of a credit transfer agreed at interbank-Inter-PSP level for the currencies covered by the Scheme (Scheme Currencies).

The objectives of the Rulebook are:

- To be the primary source for the definition of the rules and obligations of the Scheme
- To provide authoritative information to Participants and other relevant parties as to how the Scheme functions
- To provide involved parties such as Participants, Clearing and Settlement Mechanisms ("CSMs"), and technology suppliers with relevant information to support development and operational activities

This Rulebook is written on a conceptual level. In addition to the Rulebook, there can be local market practices, additional agreements and documentation from Clearing and Settlement Mechanisms ("CSMs"), technology suppliers or other relevant parties.

0.4 About the NPC

The purpose of the Nordic Payments Council ("NPC") is to decide on, own and manage the NPC payment schemes based upon, but not limited to, the Single Euro Payments Area ("SEPA") payment schemes as well as to develop and manage additional schemes and rules in close dialogue with the Participants, the national communities and regulating authorities. This should be done to contribute to safe, efficient, economically balanced and sustainable, convenient domestic and cross border multicurrency payments in communities using the Schemes. The NPC shall ensure competitiveness and innovation as well as meet the users' needs.

0.5 Other Related Documents

The Rulebook is primarily focused on stating the business requirements and ~~interbank~~Inter-PSP rules for the operation of the Scheme. In addition to the Rulebook there are a number of key documents which support the Scheme operationally:

0.5.1 NPC Credit Transfer Scheme Implementation Guidelines

The complete data requirements for the operation of the Scheme are classifiable according to the following data model layers:

- The business process layer in which the business rules and requirements are defined and the related data elements specified
- The logical data layer which specifies the detailed datasets and attributes and their inter-relationships
- The physical data layer which specifies the representation of data in electronic document formats and messages

This Rulebook focuses on the business process layer and appropriate elements of the logical layer.

The NPC Credit Transfer Scheme Implementation Guidelines are available as three complementary documents:

- the guidelines regarding the ~~interbank~~Inter-PSP messages (NPC Credit Transfer Scheme ~~interbank~~Inter-PSP Implementation Guidelines)
- the guidelines regarding the customer-to-~~bank~~PSP messages (NPC Credit Transfer Scheme Customer-to-~~Bank~~PSP Implementation Guidelines) which each Participant is recommended to support at the request of the Originator
- the guidelines regarding ~~bank~~PSP-to-customer message (NPC Recommendation on Customer Reporting NCT and NCT Inst) which each Participant is recommended to support at the request of the Originator or Beneficiary

The NPC Credit Transfer Scheme ~~interbank~~Inter-PSP Implementation Guidelines (reference [1]) which set out the rules for implementing the credit transfer ISO 20022 XML standard, constitute a **binding** supplement to the Rulebook.

It is also **recommended** that the Customer-to-~~Bank~~PSP Implementation Guidelines (reference [9]) and the Recommendation on Customer Reporting NCT and NCT Inst (reference [14]) is implemented by the

Originator ~~Bank~~^{PSP} and Beneficiary ~~PSP~~^{Bank} respectively in the same way as the Implementation Guidelines mentioned above.

The features covered in references [1] with respect to the Extended Remittance Information (ERI) option, are only binding for the ERI Option Participants.

0.5.2 NPC Scheme Currencies

The currencies, Scheme Currencies, covered by this Scheme to be used in all process stages for transactions are defined in the reference [12], which constitutes a **binding** supplement to the Rulebook.

0.5.3 NPC Credit Transfer Adherence Agreement

The Adherence Agreement, to be signed by Participants, is the document which binds Participants to the terms of the Rulebook. The text of the Adherence Agreement is available in **Annex I**. The Rulebook and the Adherence Agreement entered into by Participants together constitute a multilateral contract among Participants and the NPC. The rules and procedures for applying to join the Scheme are set out in the NPC Scheme Management ~~Internal~~ Rules (~~see Annex II~~). ~~(the "NPC SMIR")~~.

Kommentarad [JW4]: #CT24, subsequent changes in the entire Rulebook.

0.5.4 Rules specific to Extended Remittance Information (ERI) Option

The rules specific to the Extended Remittance Information (ERI) Option are described in **Annex V**. Sections of the main body of the Rulebook impacted by the ERI Option are identified with the indication '=> ERI' next to the title of the concerned section.

1. VISION & OBJECTIVES

This chapter provides an introduction to the Scheme, setting out the background to the Scheme as well as its aims and objectives.

1.1 Vision

The Scheme provides a set of ~~interbank~~Inter-PSP rules, practices and standards to be complied with by Participants who adhere to the Scheme. It allows payment services providers to offer a core and basic credit transfer product in the Scheme Currencies to ~~Customers~~Payment Service Users (PSUs). For executing EUR, the SCT Rulebook shall apply.

The Scheme also provides a common basis on which Participants are able to offer new and innovative services.

The Scheme moves Participants and their ~~Customers~~Payment Service Users towards open standards, which are expected to improve financial integration and act as a catalyst for a richer set of products and services.

1.2 Objectives

- Ensure that all Participants as a minimum are reachable domestically in one of the Scheme Currencies with the option of not accepting Cross-border Transfers Transactions;
- The processing of NPC Credit Transfers will be automated, based on the use of open standards and the best practices of straight through processing ("STP") without manual intervention;
- Ensure that the format and message standards for NPC Credit Transfer Scheme follow as close as possible the SEPA standards;
- Support transactions in the Scheme Currencies as defined in section 2.4;
- Incorporate the option of embedding data related to local services (e.g. locally used payment references) without violating the ISO20022 syntax;
- To provide a framework for the removal of inhibitors and the harmonisation of standards and practices;
- To support the achievement of high standards of security, low risk and improved cost efficiency for all actors in the payments process;
- To allow the further development of a healthy and competitive market for payment services and to create conditions for the improvement of services provided to ~~Customers~~Payment Service Users.

Kommentarad [JW5]: #CT19 change Customer to Payment Service Users. Subsequent changes in the entire rulebook.

1.3 Commercial Context for Users and Providers of Payment Services

This section provides the general context and background in which the interbank-Inter-PSP Scheme exists and has been written from an end-to-end point of view. An overview of the NPC Credit Transfer process is shown in the following diagram:

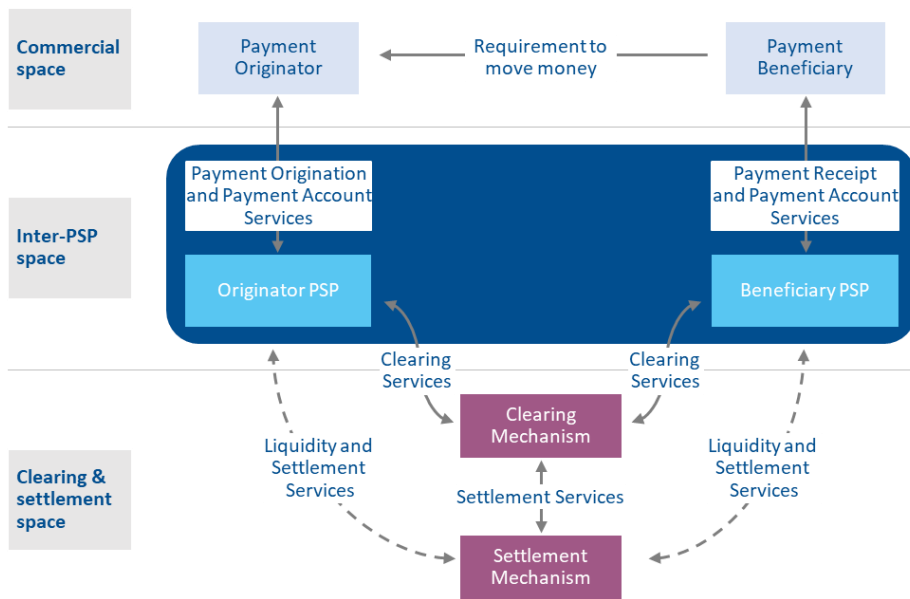

Figure 1: NPC Credit Transfer Overview

- The demand for payment services using a Credit Transfer arises from an Originator, who wishes to transfer² Funds for whatever reason to a Beneficiary. Whilst the payment service is provided by a bank-PSP, the underlying demand and its nature are outside the control and responsibility of the banking industry or any individual bank-PSP;
- For this requirement to transfer Funds to be satisfied, the bank-PSP holding the account of the Originator must have the means necessary to remit the Funds to the bank-PSP holding the account of the Beneficiary and in the process be provided with the necessary information to accomplish the transfer;
- Provided that the Originator has sufficient Funds or sufficient credit with which to execute the Credit Transfer, provided that the Originator is acting within its authority and provided that the Credit Transfer does not break any applicable legal, regulatory, or other requirements, including requirements established by the Originator Bank-PSP, then the Originator Bank-PSP will make the payment and advise the Originator accordingly;

² The credit transfer can be initiated directly (by the Originator) or indirectly (by a 'payment initiation service provider' at the request of the Originator) in compliance with the Payment Services Directive.

- The means for making the transfer will exist if the ~~bank~~-PSP holding the account of the Beneficiary, the Beneficiary ~~Bank~~PSP, has agreed both the method and the rules for receiving the payment information as well as the method and the rules for receiving the payment value;
- Based on these means of transfer the Beneficiary ~~Bank~~PSP will use the information received to credit the account of the Beneficiary, make the Funds available for its use once value has been received and inform the Beneficiary about what has been applied to its account;
- As is illustrated in the foregoing diagram, the purpose of ~~interbank~~-Inter-PSP Clearing and Settlement is to correctly exchange information and to safely exchange value. The demand for Clearing and Settlement services stems from the need to transfer money between ~~banks~~PSPs.

1.4 Binding Nature of the Rulebook

Becoming a Participant in the Scheme involves signing the Adherence Agreement. In order to be a Participant it is required to be a NPC Scheme Member or to have been approved by the NPC's Board of Directors as meeting the eligibility requirements in the NPC Bylaws for an NPC Non-Member Participant. By signing the Adherence Agreement, Participants agree to comply with the Rulebook and such other related documents as described in section 5.2.

Participants are free to choose between operating processes themselves, or using intermediaries or outsourcing (partially or completely) to third parties. However, outsourcing or the use of intermediaries does not relieve Participants of the responsibilities defined in the Rulebook.

The Rulebook covers in depth the main aspects of the ~~interbank~~-Inter-PSP relationships linked to the Scheme. For the relationships between a Participant and its ~~Customer~~Payment Service User, the Rulebook specifies the minimum requirements imposed by the Scheme. For the relationships between an **Originator** and a **Beneficiary**, the Rulebook also specifies the minimum requirements of the Scheme.

1.5 Separation of the Scheme from Infrastructure

It is a key feature of the Scheme that it provides a single set of rules, practices and standards which are then operated by individual Participants and potentially multiple infrastructure providers. Infrastructure providers include CSMs of various types and the technology platforms and networks that support them. Infrastructure is an area where market forces operate based on the decisions of Participants.

The result is that the NPC Credit Transfer based on a single set of rules, practices and standards is operated on a fully consistent basis by CSMs chosen by individual Participants as the most appropriate for their needs.

1.6 Other Features of the Scheme

- ~~Participants that have signed an Adherence Agreement may participate only if said Participant is established in a SEPA country or territory, as defined in the EPC list of countries and territories included in the SEPA Schemes' geographical scope, see reference [11], or established in Greenland or in the Faroe Islands;~~
- The rights and obligations of Participants, and as appropriate their ~~Customers~~ Payment Service Users, are clear and unambiguous;
- Payment messages use open, industry recognised standards;
- Compliance with the Scheme ensures interoperability between Participants;
- ~~The rules ensure that responsibility for risk management is allocated to where the risk lies and that liability falls where the fault lies;~~
- Individual Participants are free to innovate and satisfy ~~the needs of Customers' needs~~ Payment Service Users in a competitive market place, as long as these innovations do not conflict with the Rulebook.

1.7 The Business Benefits of the Scheme

The Scheme provides many ~~Customer~~ benefits for Payment Service Users in terms of functionality, cost efficiency, ease of use and STP. It also allows Participants to meet their own mutually beneficial needs in terms of service and innovation for ~~Customers~~ Payment Service Users.

The key expected benefits are summarised as follows:

For Originators and Beneficiaries as users:

- Payments are made for the full Original Amount;
- The Originator and Beneficiary are responsible for their own charges;
- All Payment Accounts for the Scheme Currencies chosen by the Participants should be reachable with the option of not accepting Cross-border Payments;
- Products based on the Scheme provide the opportunity to make and receive payments in the Scheme Currencies;
- Maximum execution time with the benefit of predictability for all parties;
- The use of accepted standards and data elements facilitates payment initiation and reconciliation on an STP basis;
- Rejects and Returns are handled in a predictable way and may be automated;
- The Scheme delivers the end-to-end carrying of ~~Customer~~ Payment Service User remittance data on either a structured or an unstructured basis;
- The Scheme provides transparency and clarity of charging to all parties;
- Single payments and Bulk Payments (i.e. one debit to the Originator's account and multiple credits to the accounts of Beneficiaries) are supported.

For Participants:

- Efficient and effective end-to-end processing of NPC Credit Transfers on an STP basis using open and common standards;
- Reachability between Participants in the NPC Credit Transfer Scheme for the Scheme Currencies chosen by the Participants;
- Enabling a single process across the Scheme Currencies including Rejects and Returns;
- Participants can choose the most efficient and cost-effective routing of transactions;
- Establishment of agreed processing cycles;
- Sound Scheme governance and legal structure;
- Ability to offer Additional Optional Services ("AOS") on top of the core Scheme elements;
- Contributes to a more standardised cost-effective processing environment;
- Satisfies the expectations of stakeholders.

For providers of CSMs:

The separation of scheme from infrastructure permits the operation of the Scheme by multiple Clearing and Settlement providers and CSMs.

The service providers may add features and services to the benefit of choice and competition, provided that the rules, practices and standards of the Scheme are fully met.

1.8 Common Legal Framework

It is a prerequisite for the use of the Scheme that the Payment Services Directive (or provisions or binding practice substantially equivalent to those set out in Titles III and IV of the Payment Services Directive) is implemented or otherwise in force in the national law of SEPA countries.

The further details as to the requirements for a common legal framework for this Scheme are spelled out in Chapter 5 of the Rulebook.

2. SCOPE OF THE SCHEME

2.1 Application to NPC Credit Transfer

The Scheme is applicable in the countries listed in the EPC list of countries and territories included in the SEPA Schemes' geographical scope [11], in Greenland and in the Faroe Islands.

2.2 Description to Scope of the Scheme

An NPC Credit Transfer is a payment instrument for the execution of credit transfers in Scheme Currencies between ~~Customer~~ payments accounts of Payment Service Users located in a country listed in the EPC list of countries and territories included in the SEPA Schemes' geographical scope [11], in Greenland or in the Faroe Islands. The NPC Credit Transfer is executed on behalf of an Originator holding a Payment Account with an Originator ~~BankPSP~~ in favour of a Beneficiary holding a Payment Account at a Beneficiary ~~BankPSP~~.

The following key elements are included within the scope of the Scheme:

- A set of ~~interbank~~ Inter-PSP rules, practices and standards for the execution of credit transfer payments in Scheme Currencies within the countries listed in the EPC list of countries and territories included in the SEPA Schemes' geographical scope [11], Greenland and the Faroe Islands by Participants in the Scheme. For executing EUR the SCT Credit Transfer Rulebook shall apply;
- Adherents to the Scheme are Participants who have agreed to subscribe to the Scheme and its rules;
- All Participants need as a minimum to be reachable domestically in one of the Scheme Currencies covered by this Scheme with the option of not accepting Cross-border Credit Transfer Transactions, if the Participant only participate in one of the Scheme Currencies. As a consequence of opting out from receiving Cross-border Credit Transfer Transactions the Participants will not be allowed to send Cross-border Credit Transfer Transactions either;
- The Scheme provides **the basis for credit transfer products** provided by Participants to all users of mass-market and non-urgent payment services (individuals, small and medium sized enterprises, corporates and government entities). Such products provide a straightforward payment message, with the necessary reliability and reach to support a competitive marketplace. Participants remain responsible for the products and services provided to their ~~Customers~~ Payment Service Users;
- Electronic processing of transactions including the payment itself and exception handling such as Returns. At the discretion of individual Participants, instructions and advices may be exchanged with ~~Customers~~ Payment Service Users on a non-electronic basis. However, the ~~interbank~~ Inter-PSP elements of the Scheme are always fully automated and electronic;
- The Scheme specifies a minimum set of data elements to be provided by the Originator.

2.3 Additional Optional Services

The Scheme recognises that individual Participants and communities of Participants can provide complementary services based on the Scheme so as to meet further specific ~~Customer~~ Payment Service User expectations. These are described as Additional Optional Services ("AOS").

The following two types of AOS are identified:

1. Additional Optional Services provided by ~~banks~~ PSPs to their ~~Customers~~ Payment Service Users as value-added services which are nevertheless based on the core payment schemes.

These AOS are purely a matter for ~~banks~~ PSPs and their ~~Customers~~ Payment Service Users in the competitive space;

2. Additional Optional Services provided by local, national and communities of ~~banks~~ PSPs, such as the use of additional data elements in the ISO 20022 XML standards. Any community usage rules for the use of the NPC core mandatory subset of the ISO 20022 XML standards should also be mentioned in this context, although they are not *per se* AOS. Other AOS may be defined, for example relating to community provided delivery channels for ~~Customers~~ Payment Service Users.

Participants may only offer AOS in accordance with the following principles:

1. All AOS must not compromise interoperability of the Scheme nor create barriers to competition. The Function for Compliance and Adherence should deal with any complaints or issues concerning these requirements brought to its attention in relation to compliance with the Rulebook as part of its normal procedures, as set out in the NPC ~~SMR~~ Scheme Management Rules;
2. AOS are part of the market space and should be established and evolve based on market needs. Based on these market needs, The NPC may incorporate commonly used AOS features into the Scheme through the change management processes set out in the NPC ~~Scheme Management Rules~~ SMR;
3. There should be transparency in relation to community AOS. In particular, details of community AOS relating to the use of data elements present in the ISO 20022 XML payment standards (including any community usage rules for the NPC core mandatory subset) should be disclosed on a publicly available website (in both local language(s) and English).

These AOS are not further described in the Rulebook as they are to be generally considered as competitive offerings provided by both individual Participants and communities of Participants and are therefore out of scope.

2.4 Currency

The currencies, Scheme Currencies, covered by this Scheme to be used in all process stages for transactions are defined in the reference [12]. The currency sent by the Originator ~~Bank~~ PSP will be the currency to be cleared and settled, and to be received by Beneficiary's ~~Bank~~ PSP.

The Payment Accounts of the Originator and of the Beneficiary may be in the Scheme Currencies or any other currency. Any currency conversion is executed in the Originator ~~Bank~~ PSP or Beneficiary ~~Bank~~ PSP and is not governed by this Scheme.

All Participants need as a minimum to be reachable domestically in one of the Scheme Currencies covered by this Scheme with the option of accepting Cross-border Credit Transfer Transactions.

The Beneficiary ~~Bank~~ PSP may return the transaction if the payment amount is in a different currency than that of the Beneficiary's account.

Exception handling, i.e. Rejects, Returns, Recalls and Requests for Recall by the Originator (RFRO), shall be executed in the original currency of the transaction sent from the Originator ~~Bank~~ PSP and Beneficiary ~~Bank~~ PSP.

2.5 Value Limits

Settlement and value limits may exist between Participants and between communities of Participants, for example through the CSMs employed by them with reference to factors such as risk management.

Value limits may therefore be applied by the Originator ~~BankPSP~~ to its products and services offered to its ~~Customers~~ Payment Service Users that are founded on the Scheme according to its own risk appetite and risk management controls.

2.6 Reachability

Participants commit to making and receiving payments under the Scheme and to processing them according to the rules of the Scheme.

All Participants need as a minimum to be reachable domestically in one of the Scheme Currencies covered by this Scheme with the option of accepting Cross-border Credit Transfer Transactions in the currencies they have adhered to.

2.7 Remittance Data ‘=> ERI - Extended Remittance Information’

The NPC Credit Transfer dataset provides for a remittance data field, which may be used as follows:

- to carry structured remittance data of up to a max of 140 characters,

OR

- to carry unstructured remittance data of up to 140 characters

This remittance field therefore enables automated reconciliation between receivables and payments by the Beneficiary. It is recommended that the Beneficiaries adopt the ISO Standard for the Structured creditor reference (reference [10]) or to a creditor reference scheme as defined by the local Nordic communities.

It is recommended that Originators provide remittance information referring to a single invoice when possible.

The remittance data supplied by the Originator in the Credit Transfer Instruction must be forwarded in full and without alteration by the Originator ~~BankPSP~~ and any intermediary institution and CSM to the Beneficiary ~~BankPSP~~. When the Originator provides a Structured Creditor Reference with a Credit Transfer Instruction, it is mandatory that the Originator ~~BankPSP~~ checks the correctness of the Structured Creditor Reference at the point of capture by the Originator.

The Beneficiary ~~BankPSP~~ must also deliver received remittance data in full and without alteration to the Beneficiary

The Scheme offers the ERI Option to Participants (**see Annex V**). A Participant that receives ERI as defined by this Rulebook option but is not an ERI Option Participant, shall transfer back the Credit Transfer Instruction or Transaction containing such ERI to the Originator or the Originator ~~BankPSP~~ as a Reject or as a Return depending if the Credit Transfer Transaction has already been settled at ~~interbank~~ Inter-PSP level or not.

3. ROLES OF THE SCHEME ACTORS

This chapter describes the roles of the actors in the Scheme.

3.1 Actors

The execution of an NPC Credit Transfer payment involves four main actors:

- **The Originator:** is the ~~Customer~~ natural or legal person who initiates directly or indirectly³ the Credit Transfer by providing the Originator ~~BankPSP~~ with an instruction. The Funds for such a Credit Transfer are made available by means of a debit from a specified Payment Account of which the Originator is account holder;
- **The Originator ~~BankPSP~~:** is the Participant that receives the Credit Transfer Instruction from the Originator and acts on the payment instruction by making the payment to the Beneficiary ~~BankPSP~~ in favour of the Beneficiary's account according to the information provided in the instruction and in accordance with the provisions of the Scheme;
- **The Beneficiary ~~BankPSP~~:** is the Participant that receives the Credit Transfer Instruction from the Originator ~~BankPSP~~ and credits the account of the Beneficiary, according to the information provided in the instruction and in accordance with the provisions of the Scheme;
- The Originator ~~BankPSP~~ and Beneficiary ~~BankPSP~~ may be one and the same Participant;
- **The Beneficiary:** is the ~~Customer~~ natural or legal person identified in the Credit Transfer Instruction whom the Funds are sent to.

Originator ~~BankPSP~~s and Beneficiary ~~BankPSP~~s are responsible for meeting their obligations under the Rulebook. This responsibility is irrespective of either the means or the parties by which Originator ~~BankPSP~~s or Beneficiary ~~BankPSP~~s choose to discharge those obligations and for which they remain responsible under the Scheme.

The operation of the Scheme also involves other parties indirectly:

- **CSMs:** Such mechanisms could include the services of a Clearing and Settlement provider such as an automated clearing house or other mechanisms such as intra-~~bank-PSP~~ and intra-group arrangements and bilateral or multilateral agreements between Participants. The term CSM does not necessarily connote one entity. For example it is possible that the Clearing function and the Settlement functions are conducted by separate actors;
- **Intermediary ~~BankPSP~~s:** ~~BankPSP~~s offering intermediary services to Originator and/or Beneficiary ~~BankPSP~~s, for example in cases where they are not themselves direct participants in a CSM;
- **Payment initiation service providers (PISP):** Originators may make use of a PISP to initiate a NPC Credit Transfer.

3.2 The Four Corner Model

The following diagram gives an overview of the contractual relationships and interaction between the main actors.

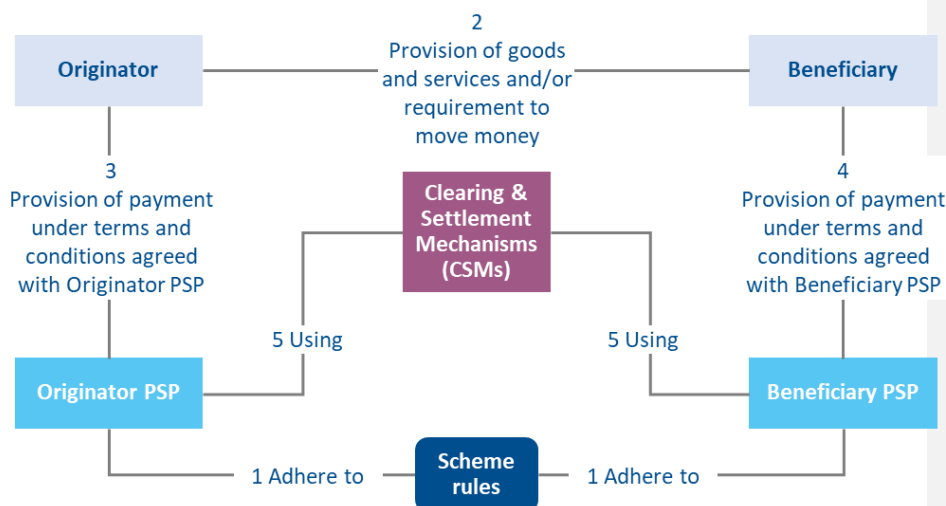

Figure 2: 4-Corner Model – Illustrative

The actors are bound together by a number of relationships, identified on the diagram by numbers:

1. The contractual relationships underlying the Scheme to which all Participants are bound;
2. Between the Originator and the Beneficiary regarding the provision of goods and services and/or the requirement to make a payment. This may or may not be reflected in a formal legal contract. This relationship does not form part of the operation of the Scheme;
3. Between the Originator and the Originator ~~Bank~~PSP concerning the payment and cash management products and services to be provided and their related terms and conditions. Provisions for this relationship are not governed by the Scheme, but will, as a minimum, cover elements relevant to the initiation and execution of an NPC Credit Transfer as required by the Scheme;
4. Between the Beneficiary and the Beneficiary ~~Bank~~PSP concerning the products and services to be provided and the related terms and conditions. Provisions for this relationship are not governed by the Scheme, but will, as a minimum, cover elements relevant to the receipt of an NPC Credit Transfer as required by the Scheme;
5. As applicable, between the Originator ~~Bank~~PSP and the Beneficiary ~~Bank~~PSP and the selected CSM concerning the terms and conditions of the services delivered. Provisions for these relationships are not governed by the Scheme but will, as a minimum, cover elements relevant to the execution of an NPC Credit Transfer;
6. As applicable, between the Originator ~~Bank~~PSP and/ or the Beneficiary ~~Bank~~PSP and any other ~~Bank~~PSP acting in an intermediary capacity. Provisions for these relationships and their functioning are not governed by the Scheme. This relationship is not illustrated above

3.3 Clearing and Settlement Mechanisms

CSMs are responsible to the Originator ~~BankPSP~~s and Beneficiary ~~BankPSP~~s that use their services. As a matter of normal practice, these mechanisms typically:

- Receive transactions for Clearing from the Originator ~~BankPSP~~ who participates in the relevant CSM;
- Clear and forward them to the Beneficiary ~~BankPSP~~ which participates in the relevant CSM, ensuring that all data intended by the Originator and the Originator ~~BankPSP~~ to reach the Beneficiary ~~BankPSP~~ and the Beneficiary is forwarded in full and without alteration;
- Handle exceptions such as Returns, Rejects and Recalls;
- Make arrangements such that Settlement can be achieved between the Originator ~~BankPSP~~ and Beneficiary ~~BankPSP~~;
- Collect and send the payments for settlement to the respective connected local central banks in their local currency at agreed intervals;
- Provide any required risk management procedures and other related services.

3.4 Intermediary ~~BankPSP~~s

If any actor uses the services of an Intermediary ~~BankPSP~~ to perform any function in relation to an NPC Credit Transfer, this should:

- Be transparent to the Scheme and in no way affect or modify the obligations of the Participants;
- Be the subject of separate arrangements between the intermediary and ~~its Customer (i.e. the~~ Originator ~~BankPSP~~s or Beneficiary ~~BankPSP~~s).

Kommentarad [JW11]: #CT19

3.5 Relationship with ~~Customers~~-Payment Service Users

In accordance with Chapter 5 Participants must ensure that the Terms and Conditions are effective so as to enable Participants to comply with their obligations under the Scheme.

4. BUSINESS AND OPERATIONAL RULES

This chapter describes the business and operational rules of the Scheme which must be observed by Participants and by other actors as necessary such that the Scheme can function properly. It also describes the datasets used in the Scheme, and the specific data attributes within these datasets.

Datasets and attributes will be represented and transmitted using generally accepted, open, interoperable standards wherever accepted by the NPC (see Section 0.5).

4.1 Naming Conventions

This section describes the naming conventions used in this chapter.

The descriptions are based on the concepts of Process, Process-step, Attribute and Dataset.

For facilitating the reading and the use of this Rulebook, structured identification-numbers are used as follows:

Process-steps:	CT-xx-yy, where xx-yy is the unique sequence number in this Rulebook
Datasets:	DS-xx, where xx represents the unique sequence number in this Rulebook
Attributes:	AT-xx, where xx represents the unique sequence number in this Rulebook

4.2 Overview of the NPC Credit Transfer Process & Time Cycle

This section describes the terms used to define the execution time cycle.

Section 4.3 below provides a more detailed explanation of the process.

4.2.1 Commencement of the Execution Time Cycle (Day “D”)

The execution time for an NPC Credit Transfer shall commence at the point in time of receipt of the Credit Transfer Instruction, as defined in the Payment Services Directive.

The "Requested Execution Date" corresponds with a date requested by an Originator for commencing the execution of the Credit Transfer Instruction. The Originator may choose to request a Requested Execution Date in the future and submit the Credit Transfer Instruction to the Originator ~~BankPSP~~ in accordance with its Terms and Conditions with the Originator ~~BankPSP~~. In such cases, the agreed date will be deemed to be the relevant date for commencing the execution of the Credit Transfer Instruction. This provision is to be construed in accordance with Article 78 (2) of the Payment Services Directive.

The execution time cycle may be interrupted, stopped or otherwise affected by the application of laws.

4.2.2 Cut-off Times

Cut-off Times must be advised by an Originator ~~BankPSP~~ to the Originator. They are also agreed between an Originator ~~BankPSP~~ and a CSM. Such Cut-off times are out of scope of the Rulebook.

4.2.3 Maximum Execution Time⁴

Originator ~~Bank~~PSPs are obliged to ensure that the amount of the NPC Credit Transfer is credited to the account of the Beneficiary ~~Bank~~PSP within one Banking Business Day following the point in time of receipt of the Credit Transfer Instruction in accordance with the provisions of the Payment Services Directive. The execution time cycle may be affected by the application of national laws.

A Beneficiary ~~Bank~~PSP is obliged to credit the account of the Beneficiary with the amount of the NPC Credit Transfer in accordance with the provisions of the Payment Services Directive.

It is open to communities of Participants to agree a shorter execution time for NPC Credit Transfers.

The Scheme recognises that Participants may not be open for business on certain days of the year for the purpose of executing NPC Credit Transfers.

Accordingly, the execution time cycle of an NPC Credit Transfer defines the execution time cycle by reference to Banking Business Days, rather than to Calendar Days. This means that a Participant will only be required to execute its obligations under the Rulebook on days on which it is open for business, as required for the execution of a NPC Credit Transfer. Therefore, where an obligation falls to be executed by a Participant on a day which is not a Banking Business Day, the Participant must execute this obligation on the next Banking Business Day, and the maximum time permitted for the execution of a NPC Credit Transfer may be construed accordingly.

The definition of Banking Business Day is therefore to be construed in accordance with this provision.

4.2.4 Charging Principles

Charges to ~~Customers~~Payment Service Users will be based on the shared principle such that the Originator and Beneficiary are charged separately and individually by the Originator ~~Bank~~PSP and Beneficiary ~~Bank~~PSP respectively. The basis and level of charges to ~~Customers~~Payment Service Users are determined by each Participant in accordance with applicable law and are entirely a matter for individual Participants and their ~~Customers~~Payment Service Users.

Kommenterad [JW12]: #CT22

⁴ The Payment Services Directive allows an extra day for the execution of paper-initiated credit transfers. The Rulebook currently describes ~~interbank~~Inter-PSP electronic payments only and does not take into account additional time permitted for processing paper-initiated transactions. This is considered to be a matter for each Participant to regulate with its ~~Customer~~Payment Service User in accordance with applicable laws.

4.3 NPC Credit Transfer Processing Flows

4.3.1 NPC Credit Transfer Processing Flow

The following diagram (PR-01) identifies a number of process steps, which are described below.

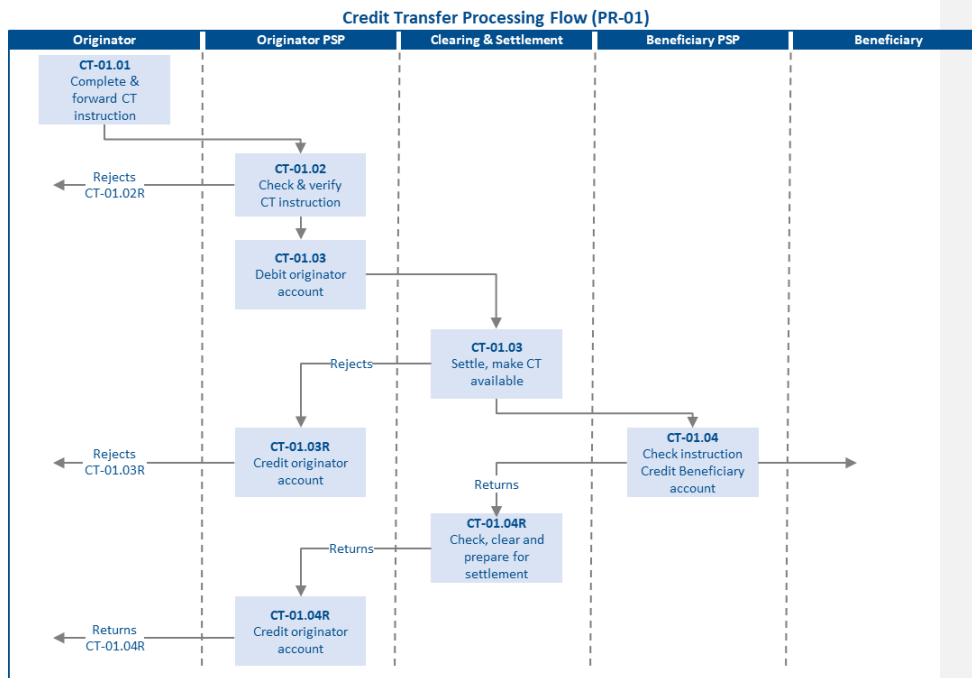

Figure 3: NPC Credit Transfer Process

- CT-01.01** The Originator completes and forwards the Credit Transfer Instruction. The instruction will be submitted by any means agreed between the Originator and the Originator **BankPSP**. The data elements to be provided are defined in dataset DS-01 below.
- CT-01.02** The Originator **BankPSP** receives and checks if it has sufficient information to execute a payment instruction and that the instruction fulfils the conditions required by its procedures as to execution of the instruction including the authenticity of the instruction, and the checking of the format and plausibility of the IBAN or Alias and if requested, of the BIC.
- Rejected instructions are covered by procedures described below.
- CT-01.03** On or following D, the Originator **BankPSP** will debit the account of the Originator. This will be followed by the sending of the Credit Transfer Instruction to ensure receipt by the Beneficiary **BankPSP** via the selected CSM in accordance with the rules of the Scheme. The data elements to be provided are defined in dataset DS-02 below.

CT-01.04 The Beneficiary **BankPSP** should credit the account of the Beneficiary in accordance with provisions based on the Payment Services Directive. The Beneficiary **BankPSP** will make the information of DS-04 available to the Beneficiary on the basis agreed between the Beneficiary and his Beneficiary **BankPSP**.

4.3.2 Exception Processing Flow

Credit Transfer Transactions are handled according to the time frame described in section 4.3. If, for whatever reason, any party cannot handle the transaction in the normal way, the process of exception handling starts. The messages resulting from these situations are all handled in a standardised way, at process level as well as at dataset level.

4.3.2.1 *Reject processing*

A '**Reject**' occurs when a NPC Credit Transfer is not accepted for normal execution before **interbank Inter-PSP Settlement**. If the rejection is decided at the point at which the Originator instructs the Originator **BankPSP**, for the purposes of the Scheme, the Originator **BankPSP** only needs to inform the Originator of the reason.

If it occurs in the **interbank Inter-PSP** space the Reject must be sent as specified in DS-03 below.

The main characteristics of a Reject (DS-03) are:

- the transferred amount will be the Original Amount and the original currency of the Credit Transfer Instruction;
- the 'Reject' message is routed through the same path taken by the original NPC Credit Transfer with no alteration of the data contained in the original NPC Credit Transfer;
- a record of the relevant data relating to the initial NPC Credit Transfer, sufficient to provide an audit trail, is included;
- the initial NPC Credit Transfer is identified by the original reference of the Originator **BankPSP**;
- 'Reject' messages contain a reason code (attribute AT-R3, see section 4.6.1).

'Reject' messages should be transmitted on a same day basis and must at the latest be transmitted on the next Banking Business Day.

The document 'Guidance on Reason Codes for NCT R-transactions ([15]) prescribes which ISO codes should be used for initiating a Reject.

4.3.2.2 *Return processing*

A '**Return**' occurs when a NPC Credit Transfer is diverted from normal execution after **interbank Inter-PSP Settlement**, and is sent by the Beneficiary **BankPSP** to the Originator **BankPSP** for a NPC Credit Transfer that cannot be executed for valid reasons such as wrong account number or account closed with the consequence that the Beneficiary account cannot be credited on the basis of the information contained in the original NPC Credit Transfer message. The Return procedure must not be used in cases where the Beneficiary's account has already been credited and the Beneficiary wishes to return the funds. In such case, the procedure of initiating a new NPC Credit Transfer applies instead.

Kommenterad [JW13]: Addition for clarification in the same way as section 4.3.2.4.

The main characteristics of a Return (DS-03) are:

- the transferred amount will be the Original Amount and the Original Currency of the Credit Transfer Instruction;
- the Return message is routed through the same path taken by the original NPC Credit Transfer (unless otherwise agreed between the Beneficiary **BankPSP** and the Originator **BankPSP**), with no alteration of the data contained in the original credit transfer. In the case of a 'Return' message to be sent to the Originator by the Originator **BankPSP**, the parties may agree a specific mechanism which may differ from the original path;
- a record of the relevant data relating to the initial NPC Credit Transfer, sufficient to provide an audit trail, is included;
- the initial NPC Credit Transfer is identified by the original reference of the Originator **BankPSP**;
- 'Return' messages contain a reason code (attribute **AT-R3**, see below).

'Return' messages initiated by the Beneficiary **BankPSP** must be transmitted to the Originator **BankPSP** within three Banking Business Days after Settlement Date.

The step-by-step process flow for Rejects and Returns are as follows:

- | | |
|------------------|---|
| CT-01.02R | The Originator BankPSP must inform the Originator according to the timing agreed with the Originator. |
| CT-01.03R | <p>The CSM must send the 'Reject' message to the Originator BankPSP at the latest on the next Banking Business Day following rejection.</p> <p>Unless the Originator BankPSP is able and is willing to repair and resend the payment instruction within the Execution Time, the Originator BankPSP must inform the Originator that the instruction has been rejected and credit the Originator's account according to the timing agreed with the Originator. Any instruction that is repaired and re-sent by the Originator BankPSP shall be deemed to be a new Credit Transfer Instruction under the Rulebook, and the point in time of receipt of this instruction shall be interpreted accordingly. Transaction references must be reused from the original message.</p> |
| CT-01.04R | <p>The Beneficiary BankPSP must send the 'Return' message to the Originator BankPSP through the selected CSM at the latest three Banking Business Days after Settlement Date and at the same time return the Funds.</p> <p>The Originator BankPSP must credit the Originator's account according to the timing agreed with the Originator, and make the appropriate details available to the Originator.</p> |

The document 'Guidance on Reason Codes for NCT R-transactions ([15]) prescribes which ISO codes should be used for initiating a Return.

Kommenterad [JW14]: Addition for clarification in the same way as section 4.3.2.4.

4.3.2.3 Recall processing

A **Recall** occurs when the Originator **BankPSP** requests to cancel a Credit Transfer Transaction. The Recall procedure can be initiated only by the Originator **BankPSP**, which may do it on behalf of the Originator.

Before initiating the Recall procedure, the Originator **BankPSP** has to check if the Credit Transfer Transaction is subject to one of the following reasons only:

- Duplicate sending;
- Technical problems resulting in an erroneous Credit Transfer Transaction;
- Fraudulent originated Credit Transfer Instruction.

The main characteristics of a Recall and the response to a Recall (DS-05 and DS-06 in section 4.5) are:

- The Originator **BankPSP** must send out the Recall within the period of **10 Banking Business Days** for the reasons 'Duplicate sending' and 'Technical problems resulting in erroneous NCTs', and within the period of **13 months** for the reason 'Fraudulent originated NPC Credit Transfer' following the execution date of the initial Credit Transfer Transaction subject to the Recall;
- The amount transferred back can differ from the Original Amount of the Credit Transfer Transaction. The Beneficiary **BankPSP** may decide to charge a fee to the Originator **BankPSP**;
- The currency sent back to the Originator **BankPSP** must be the same as the original currency received from the Originator **BankPSP**;
- The Recall message is routed through the same path taken by the initial Credit Transfer Transaction, with no alteration of the data contained in the initial Credit Transfer Transaction;
- A record of the relevant data relating to the initial Credit Transfer Transaction, sufficient to provide an audit trail, is included;
- Recall messages contain a reason code (attribute [AT-48](#), see [below section 4.6.1](#)); If initiated before settlement, the Recall will lead to a cancellation, according to the CSM's own procedures agreed with its participants. If initiated after settlement, the Recall will be forwarded by the CSM;
- The Beneficiary **BankPSP** must provide the Originator **BankPSP** with a response to a Recall within 15 Banking Business Days following the receipt of the Recall request from the Originator **BankPSP**. The Beneficiary **BankPSP** is in breach with the Rulebook if it has not responded to the Recall by the Originator **BankPSP** within this period of 15 Banking Business Days. If the Beneficiary **BankPSP** has received no response from the Beneficiary to this Recall within these 15 Banking Business Days, the Beneficiary **BankPSP** must send a negative response with the reason "No response from the Beneficiary" to the Originator **BankPSP**;
- In case the Beneficiary **BankPSP** can report a positive response to a Recall, the Beneficiary **BankPSP** needs to use the message prescribed in [1]. The Beneficiary **BankPSP** cannot transfer back the amount through a separate Credit Transfer Transaction message.
- A Request for Status Update can refer to one single Recall, or to several Recalls.

The document 'Guidance on Reason Codes for NCT R-transactions (F15)' prescribes which ISO codes should be used for initiating a Recall and for responding to such Recall.

Kommenterad [JW17]: Addition for clarification in the same way as section 4.3.2.4.

It is the decision of the Beneficiary BankPSP if it wants to charge a fee to the Originator BankPSP. This practice is only allowed for a positive response to a Recall. For this purpose, a field is dedicated in the response message. This practice is limited to Recalls only and has under no circumstances effect on the normal Return procedure as defined in the Rulebook.

The following diagram (PR-02) shows the step-by-step process for a Recall, which are described below.

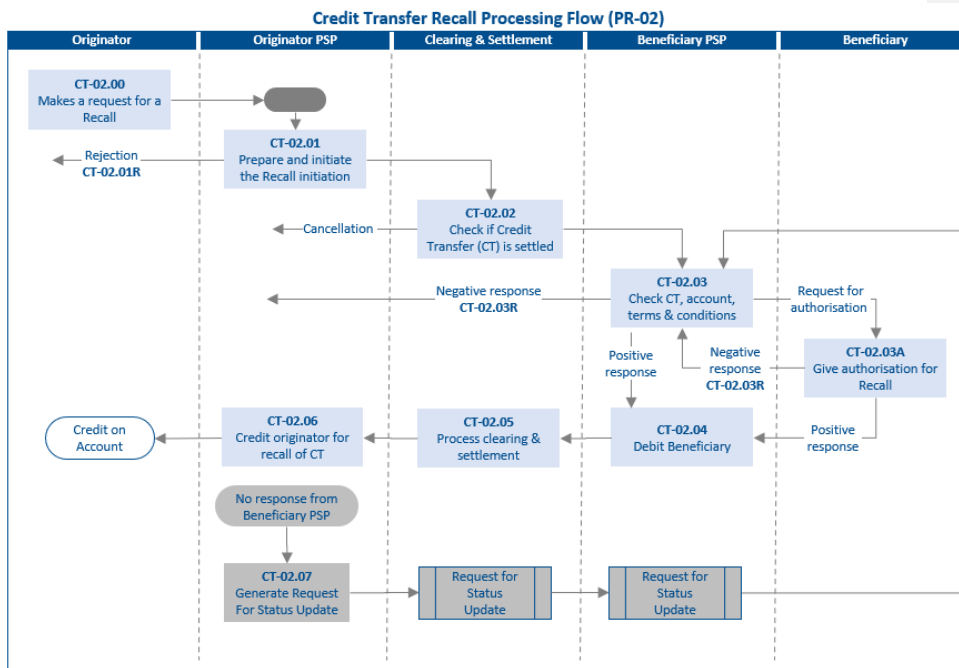

Figure 4: NPC Credit Transfer Recall Process

CT-02.00 & CT-02.01

The Originator BankPSP realises the need to recall a Credit Transfer Transaction. It may also receive a request from the Originator (see CT-02.00).

Before initiating the Recall procedure, the Originator BankPSP must check if the initial Credit Transfer Transaction:

- Had an execution date towards the CSM of less than or equal to 10 Banking Business Days before the Recall;
- Had been wrongly executed for one of the reasons listed below:
 - Duplicate sending;
 - Technical problems resulting in an erroneous Credit Transfer Transaction;
 - Fraudulent originated Credit Transfer Instruction.

Kommenterad [JW18]: #CT13

- Had an execution date towards the CSM of less than or equal to 10 Banking Business Days or 13 months (depending on the reason reported) before the Recall.

Kommenterad [JW19]: #CT13

The path used for initiating the Recall should be identical to the one used for the initial Credit Transfer Transaction subject to the Recall.

The Originator **BankPSP** must send out the Recall within the period of 10 Banking Business Days or 13 months (depending on the reason reported) following the execution date of the initial Credit Transfer Transaction.

Kommenterad [JW20]: #CT13

CT-02.01R

The Originator **BankPSP** can reject the request of the Originator to make a Recall when it judges that the initial Credit Transfer Transaction is not the subject of one of the foregoing reasons or if this request was submitted more than 10 Banking Business Days or 13 months (depending on the reason reported) following after the execution date of the initial NCT Transaction.

Kommenterad [JW21]: #CT13

CT-02.02

The CSM will check if the Credit Transfer Transaction is already executed, if not it should handle the Recall before execution according to its own procedures agreed with its participants. If the Credit Transfer Transaction is already executed the CSM will transfer the Recall to the Beneficiary **BankPSP**.

CT-02.03

The Beneficiary **BankPSP** must always handle the Recall and must provide a positive or negative response within 15 Banking Business Days following the receipt of the Recall from the Originator **BankPSP**.

If the Credit Transfer Transaction was already credited to the Beneficiary's account and there are sufficient funds on the account and the funds are not yet transferred back, the Beneficiary **BankPSP** may, depending on the legislation in its country and/or contractual agreement with the Beneficiary:

- Generate immediate positive response by debiting the account;
- Decide whether it is necessary to ask the Beneficiary for debit authorisation;
- Be obliged to get the Beneficiary's authorization to debit its account;
- The funds sent back to the Originator **BankPSP** must be in the same currency as the original currency received from the Originator **BankPSP**.

CT-02.03A

If needed: the Beneficiary is asked for his/her authorization to let the Beneficiary **BankPSP** debit its Payment Account for a Recall.

CT-02.03R

The Beneficiary **BankPSP** will generate a negative response to the Originator **BankPSP** and give reason for it if:

- There are insufficient funds on the account;
- The account is closed;
- There is a legal reason: to be explained in a clear text;
- The Beneficiary has refused the Recall;
- No response from the Beneficiary within the 15 Banking Business Days following the receipt of the Recall from the Originator **BankPSP**;

- Initial Credit Transfer Transaction never received;
- The Funds of the initial Credit Transfer Transaction have already been transferred back.

- CT-02-04** The Beneficiary **BankPSP** generates a positive response to the Recall. The Beneficiary **BankPSP** debits the account of the Beneficiary (if needed, the Beneficiary **BankPSP** waits until it has received the authorisation from the Beneficiary for debiting his account).
- CT-02-05** The CSM receives the positive response to the Recall from the Beneficiary **BankPSP** and settles this with the Originator **BankPSP**.
- CT-02-06** The Originator **BankPSP** credits the account of the Originator with the amount of the positive response to the Recall.
- CT-02-07** In the exceptional case of no response from the Beneficiary **BankPSP** within the deadline of 15 Banking Business Days following the receipt of the Recall from the Originator **BankPSP**, the Originator **BankPSP** may send a Request for Status Update to the Beneficiary **BankPSP**. Such a request can refer to one single Recall, or to several Recalls.

Kommenterad [JW22]: #CT17

4.3.2.4 Request for Recall by the Originator *processing*

A **Request for Recall by the Originator** can be initiated by the Originator **BankPSP** after an Originator has requested the Originator **BankPSP** to get the reimbursement of reverse a settled Credit Transfer Transaction for a reason other than duplicate sending, technical problems resulting in an erroneous Credit Transfer Transaction and a fraudulently originated Credit Transfer Instruction.

Kommenterad [JW23]: Wording alignment with the NCT Inst RB section.

The Originator **BankPSP** is obliged to inform the Originator that such Request for Recall does not guarantee that the Originator will effectively receive back the Funds of the initial Credit Transfer Transaction. It will depend on the consent of the Beneficiary whether to turn back the Funds to the Originator.

The main characteristics of a Request for Recall by the Originator (DS-07) are:

- The message for a Request for Recall by the Originator is routed through the same path which was used for the initial Credit Transfer Transaction;
- A record of the relevant data relating to the initial Credit Transfer Transaction message, sufficient to provide an audit trail, is included with no alteration of the data contained in the initial Credit Transfer Transaction;
- The message contains a reason code (attribute AT-50 see section 4.6) highlighting the reason for the Request for Recall by the Originator;
- The Beneficiary **BankPSP** must send its response to a Request for Recall by the Originator within 15 Banking Business Days following the receipt of the Request for Recall by the Originator from the Originator **BankPSP**.
- A Request for Status Update can refer to one single Request for Recall by the Originator, or to several Requests for Recall by the Originator.

Kommenterad [JW24]: #CT17

The document 'Guidance on reason codes for NCT R-transactions' ([15]) prescribes which ISO codes should be used for initiating a Request for Recall by the Originator and for responding to such request.

The following diagram (PR-03) shows the step-by-step process for a Request for Recall by the Originator, which are described below.

Kommenterad [JW25]: #CT09

The Originator **BankPSP** receives the Request for Recall by the Originator. Before initiating the procedure for a Request for Recall by the Originator, the Originator **BankPSP** must check if

- If these conditions are not met, the Originator **BankPSP** is allowed to reject the Request for Recall by the Originator.

The Originator **BankPSP** communicates to the Originator that the Request for Recall by the Originator is no guarantee that the Originator will effectively get back the Funds of the initial Credit Transfer Transaction.

The path used for initiating the Request for Recall by the Originator must be identical to the one used for the initial Credit Transfer Transaction.

Step 2 The CSM routes the Request for Recall by the Originator to the Beneficiary **BankPSP**.

Step 3 The Beneficiary **BankPSP** will present the Request for Recall by the Originator with the reason to the Beneficiary for its consideration.

The Beneficiary **BankPSP** is in breach with the Rulebook if it has not responded to the Request for Recall by the Originator within the period of 15 Banking Business Days.

If the Beneficiary **BankPSP** has received no response from the Beneficiary to this Request for Recall by the Originator within these 15 Banking Business Days, the Beneficiary **BankPSP** must send a negative response with the reason "No response from the Beneficiary" to the Originator **BankPSP**.

Step 4A Upon receipt of a positive response from the Beneficiary (DS-08 in section 4.5): the Beneficiary **BankPSP** debits the account of the Beneficiary and transfers the funds back via the CSM to the Originator **BankPSP**. If needed, the Beneficiary **BankPSP** waits until it has received the authorisation from the Beneficiary for debiting his account.

The Beneficiary **BankPSP** needs to use the message prescribed in [1]. The Beneficiary **BankPSP** cannot transfer back the Funds through a separate Credit Transfer Transaction message.

It is the decision of the Beneficiary **BankPSP** if it wants to charge a fee to the Originator **BankPSP**. This practice is only allowed for a **positive** response to a Request for Recall by the Originator. For this purpose, a field is dedicated in the response message DS-08.

Step 4B Upon receipt of a negative response from the Beneficiary (DS-08): the Beneficiary **BankPSP** will route the Beneficiary's refusal via the CSM back to the Originator **BankPSP**. The Originator **BankPSP** communicates the refusal to the Request for Recall by the Originator to the Originator.

The communicated decision by the Beneficiary on the concerned initial Credit Transfer Transaction finalises the fate of the initial Credit Transfer Transaction from the perspective of both the Originator **BankPSP** and the Beneficiary **BankPSP**.

Step 4C In an exceptional case of no response from the Beneficiary **BankPSP** after 15 Banking Business Days after the receipt of the Request for Recall by the Originator, the Originator **BankPSP** may send a Request for Status Update to the Beneficiary **BankPSP**. Such a request can refer to one single Request for Recall by the Originator, or to several Requests for Recall by the Originator.

Step 5 The Originator **BankPSP** credits the account of the Originator with the amount reported in the positive response message.

Kommenterad [JW26]: #CT17

4.4 Inquiry process

4.4.1 NCT inquiry

An **NCT inquiry** occurs when a Participant requests information or clarification about the status of a NPC Credit Transfer.

The Rulebook foresees the following reasons for a NCT inquiry:

- i. **Claim of Non-Receipt:** the Beneficiary claims not to have received the initial NPC Credit Transfer. The Originator **BankPSP** is asked to investigate if and when the initial NPC Credit Transfer had been executed. The cause for this claim can be at the Originator **BankPSP**, the Beneficiary **BankPSP** and/or in the clearing and settlement layer.

The assumption is that the Beneficiary will contact first the Originator, and that the Originator will launch a claim for non-receipt to the Originator **BankPSP**. The situation where the Beneficiary directly addresses a claim for non-receipt to the Beneficiary **BankPSP** is not described in the Scheme.

- ii. **Claim for Value Date Correction:** the Beneficiary claims that the initial NPC Credit Transfer has been credited with a value date later than the date the amount would have been value dated had the transaction been correctly executed.

The Originator **BankPSP** is asked to investigate at what precise date the initial NPC Credit Transfer had been executed. The cause for this claim can be at the Originator **BankPSP**, the Beneficiary **BankPSP** and/or in the clearing and settlement layer.

The assumption is that the Beneficiary will contact first the Originator, and that the Originator will launch a claim for late execution to the Originator **BankPSP**. The situation where the Beneficiary directly addresses a claim of late execution to the Beneficiary **BankPSP** is not described in the Scheme.

In case the cause does not fall within the responsibility of the Beneficiary **BankPSP**, then the Beneficiary **BankPSP** has the right to receive interest compensation and/or fee from the Originator **BankPSP**.

~~This compensation is a variable amount, being the interest calculated for the number of calendar days between the original value date and the corrected value date of the original NPC Credit Transfer. The rate to be applied follows the local principals based on the currency used in the original NPC Credit Transfer.~~

~~The Beneficiary Bank, if it decides so, may recover this compensation from the Originator Bank by specifying the compensation amount in AT 95 in the DS-10.~~

- iii. **Request for Status Update:** in the exceptional case of no response from the Beneficiary PSP within the deadline defined in section 4.4.2, the Originator PSP may send a Request for Status Update the Originator Bank can to remind the Beneficiary **BankPSP** about the NCT inquiry reasons 'Claim of Non-Receipt' and 'Claim of Value Date Correction' that has been addressed earlier to the Beneficiary **BankPSP** and which the Beneficiary Bank has not yet replied to. Such a request can refer to one single NCT inquiry, or to several NCT inquiries.

An NCT inquiry can only be made for a NPC Credit Transfer when the (claimed) debit date of the concerned NPC Credit Transfer falls within the period of 13 months preceding the date at which the Originator submits an inquiry for the reasons i and ii under this section to the Originator **BankPSP**.

The main characteristics of a NCT inquiry (DS-09) are:

- The NCT inquiry message is routed through the same path which was used for the initial NPC Credit Transfer / initial NCT inquiry message;
- A record of the relevant data relating to the initial NPC Credit Transfer/ initial NCT inquiry message, sufficient to provide an audit trail, is included with no alteration of the data contained in the initial NPC Credit Transfer/ initial NCT inquiry message;
- The inquiry message for the reasons 'Claim of Non-Receipt' and 'Claim for Value Date Correction' concerns a single initial NPC Credit Transfer ~~only or a reminder to a single earlier issued NCT inquiry~~. If several initial NPC Credit Transfers ~~or reminders to earlier issued NCT inquiries~~ are concerned, then several NCT inquiry messages must be sent;
- The inquiry message for the reason 'Request for Status Update' can refer to one single NCT inquiry, or to several NCT inquiries.

The document 'Guidance on reason codes for NPC R-transactions' ([15]) prescribes which ISO codes should be used for initiating an NCT inquiry.

4.4.2 Response-to-NCT-inquiry

The **Response-to-NCT-inquiry** message is made by the Beneficiary ~~BankPSP~~.

The concerned Beneficiary ~~BankPSP~~ addresses its response to the Originator ~~BankPSP~~ that initiated the NCT inquiry, informing the latter about

- The final investigation outcome (whether positive or negative) for a NCT inquiry; and
- Optionally providing details about the corrective action undertaken.

~~The non response to an NCT inquiry will be considered as a breach against the Rulebook.~~

The main characteristics of a Response-to-NCT-Inquiry (DS-10) are:

- The response-to-NCT-inquiry message is routed through the same path which was used for the initial NCT inquiry message;
- A record of the relevant data relating to the initial NCT inquiry message, sufficient to provide an audit trail, is included with no alteration of the data contained in the initial NCT inquiry message;
- The ~~R~~esponse-to-NCT-inquiry message concerns a single NCT inquiry/ a Request for Status Update reminder to a single earlier issued NCT inquiry at a time. If several NCT inquiries or Requests for Status Update to earlier issued NCT inquiries are concerned, then several Response-to-NCT-inquiry messages must be sent;
- The Beneficiary ~~BankPSP has to must~~ provide a response-to-NCT-inquiry message about the concerned NCT inquiry within 10 Banking Business Days after it has received the NCT inquiry message. The Beneficiary PSP is in breach with the Rulebook if it has not responded to the NCT inquiry within this period of 10 Banking Business Days.

The Beneficiary PSP does not have to respond to a Request for Status Update if it has already responded to the original NCT inquiry which this Request for Status Update refers to.

The document 'Guidance on reason codes for NCT R-transactions' ([15]) prescribes which ISO codes should be used for responding to an NCT inquiry.

It is the decision of the Beneficiary BankPSP if it wants to charge a fee to the Originator BankPSP for handling the NCT inquiry. This practice is only allowed for a positive response to an NCT inquiry for the reasons 'Claim of Non-Receipt' and 'Claim for Value Date Correction'. For this purpose, AT-86 is foreseen in the response message DS-10 (see section 4.5.10). The reference [1] specifies how the Beneficiary PSP can provide the Originator PSP with the concrete account of the Beneficiary PSP to be credited and the fee amount itself.

The positive response to an NCT inquiry for the reason 'Claim of Non-Receipt' confirms that the Beneficiary PSP has credited the initial NCT transaction on the account of the Beneficiary. The Beneficiary PSP provides the Originator PSP with the date on which this NCT transaction has been credited.

When in case of an NCT inquiry for the reason 'Claim for Value Date Correction' the Beneficiary PSP is not the cause of the incorrect value date, it has the right to receive interest compensation and/or a fee from the Originator PSP.

This interest compensation is a variable amount, being the interest calculated for the number of calendar days between the original value date and the corrected value date of the original NPC Credit Transfer. The rate to be applied follows the local principals based on the currency used in the original NPC Credit Transfer.

The Beneficiary PSP can only claim an interest compensation from the Originator PSP in case a positive rate is applied to correct the value date. The Beneficiary BankPSP communicates, if it decides so, may recover this compensation from the Originator Bank by specifying the interest compensation amount in AT-85 in the DS-10 (see section 4.5.10).

The Beneficiary PSP can request to receive first the interest compensation and/or⁵ any optional NCT inquiry fee before it executes the value date correction. In this case, it reports a positive response to the Originator PSP with all concrete payment modalities.

The Beneficiary PSP can also respond that it has executed the value date correction:

- And requests the Originator PSP to pay the interest compensation and any optional NCT inquiry fee at a later stage; or
- Requests no interest compensation at all (e.g., in case of a negative rate) but may still ask for an NCT inquiry fee; or
- As it has well received the interest compensation and/or any optional NCT inquiry fee.

In these three cases, the Beneficiary PSP reports a confirmed positive response to the Originator PSP with all concrete payment modalities where applicable.

The Beneficiary PSP reports at just one occasion the total amount in interest compensation and/or fees for handling an NCT inquiry for the reason 'Claim for Value Date Correction': either at the moment it communicates the claim to receive first the interest compensation and/or the fee before executing the value date correction, or at the moment it communicates that the value date correction has been done.

The reference [1] specifies how the Beneficiary PSP can provide the Originator PSP with the concrete account of the Beneficiary PSP to be credited, the interest compensation amount and/ or the optional NCT inquiry fee. Section 4.4.4 covers the payment of the compensation amount and/ or the fee.

Kommenterad [JW35]: #CT14

⁵ in case of a negative rate, the Beneficiary PSP still has the option to request just an NCT inquiry fee.

4.4.3 Schematic workflow of NCT inquiry processes

Kommenterad [JW37]: #CT15

The workflows display the various steps to be taken for the Originator PSP and the Beneficiary PSP to initiate and to respond respectively to an NCT inquiry for the reasons 'Claim of Non-Receipt' (Figure 6) and 'Claim for Value Date Correction' (Figure 7).

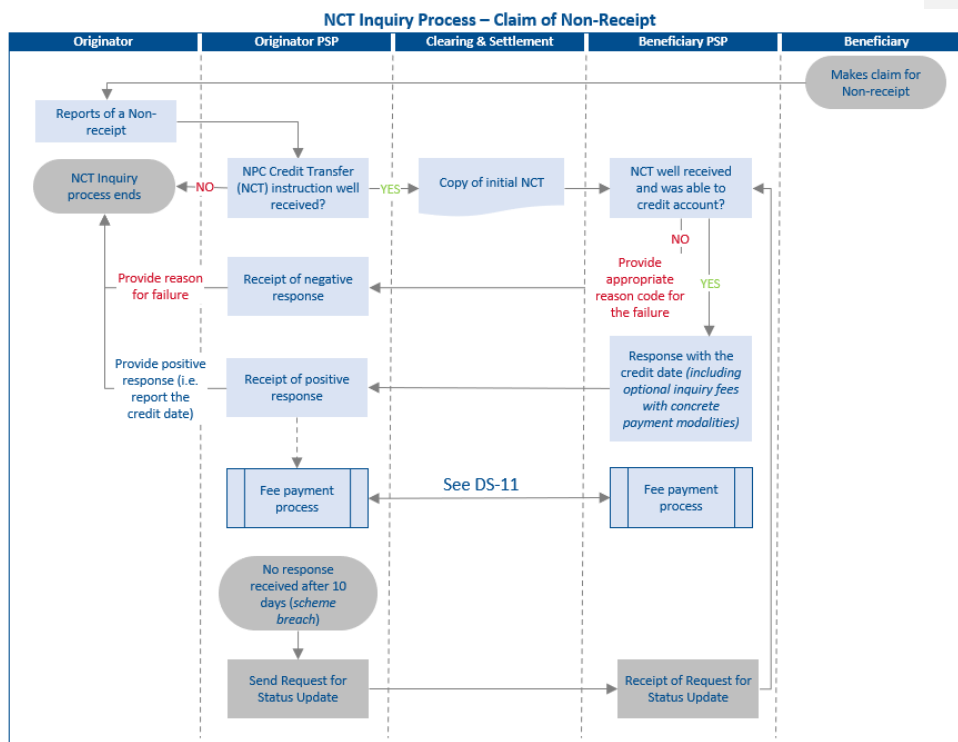

Figure 6: Inquiry Process – Claim of Non-Receipt

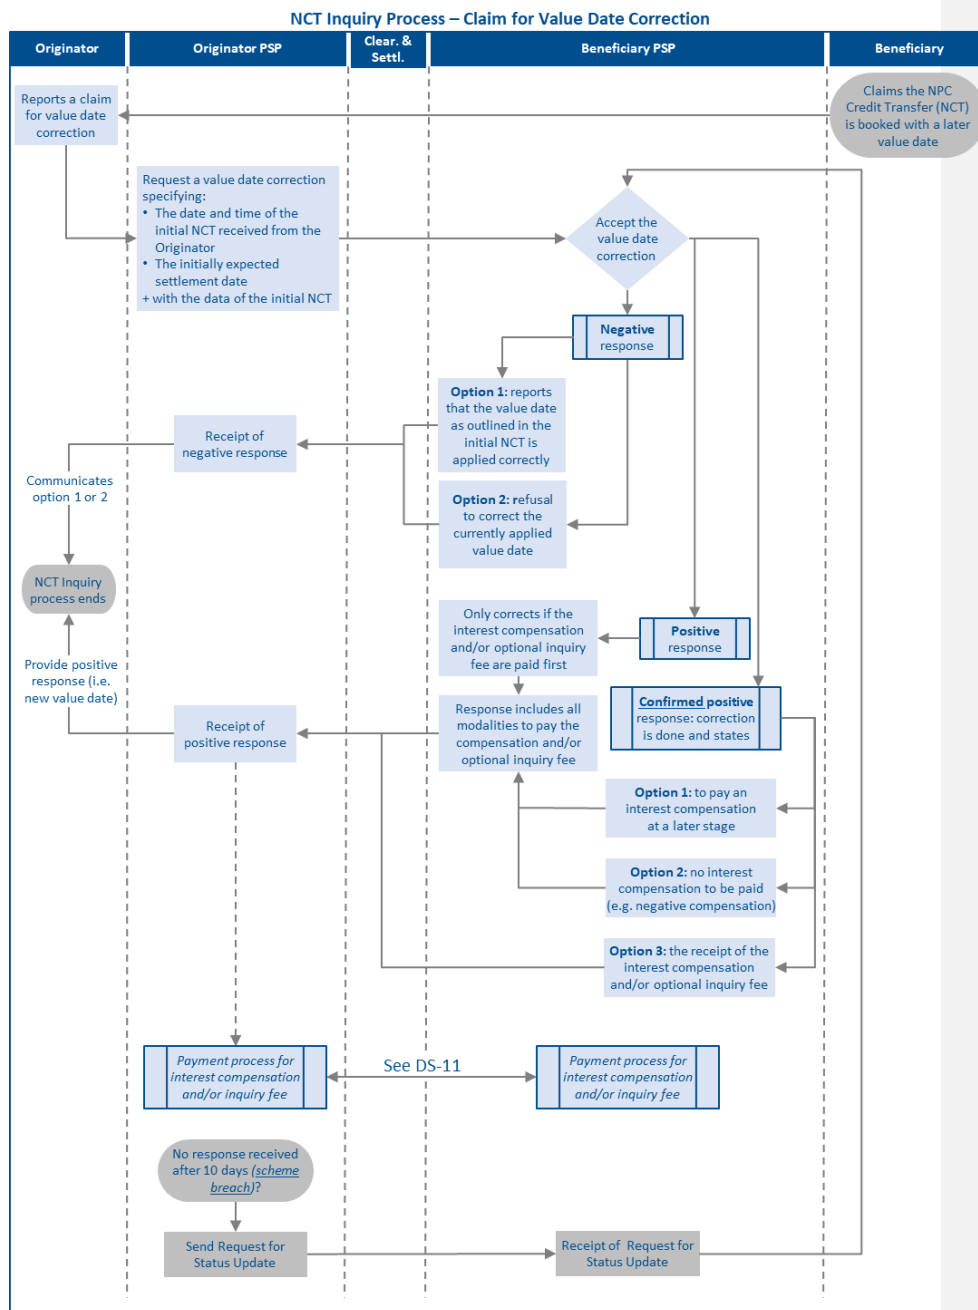

Figure 7: Inquiry process – Claim for Value Date Correction

4.4.4 Payment of NCT inquiry related Inter-PSP fees and/or interest compensation

It is recommended that the Originator PSP settles such payments using the requirements defined in DS-11 (see section 4.5.11). To ensure a minimal standard, all Participants must implement DS-11 for those Originator PSPs wishing to use this NCT feature.

4.5.1 DS-01 Customer-to-BankPSP Credit Transfer Information

Identification	DS-01
Name	Customer ⁶ -to-BankPSP NPC Credit Transfer Information
Description	The following list of attributes represents the full range of data which may be provided by the Originator and transported under the Scheme rules via Dataset DS-02.
Attributes contained	<ul style="list-style-type: none"> 01 The IBAN of the account of the Originator 02 The name of the Originator 03 The address of the Originator 04 The amount of the NPC Credit Transfer in the relevant Scheme Currencies and the relevant currency code 05 The Remittance Information sent by the Originator to the Beneficiary in the Credit Transfer Instruction 07 The Requested Execution Date of the Credit Transfer Instruction 08 The name of the Originator Reference Party 09 The identification code of the Originator Reference Party 10 The Originator identification code 11 The Alias or Proxy/Alias of the account of the Originator's account 20 The IBAN of the account of the Beneficiary. 21 The name of the Beneficiary 22 The address of the Beneficiary 23 The BIC code of the Beneficiary BankPSP 24 The Beneficiary identification code 25 The Alias or Proxy/Alias of the account of the Beneficiary's account 28 The name of the Beneficiary Reference Party 29 The identification code of the Beneficiary Reference Party 41 The Originator's reference of the Credit Transfer Transaction 44 The purpose of the NPC Credit Transfer 45 The category purpose of the NPC Credit Transfer
Technical characteristics	From a business perspective, Customer-to-BankPSP Credit Transfer Instructions may be initiated as single or bulk payments. A single payment relates to one Originator account to be debited by a specified amount, and one Beneficiary account to be credited. A bulk payment relates to one Originator account to be debited for the total amount, and more than one Beneficiary account to be credited, each for an individually specified amount. Rules for bulk presentation are beyond the scope of the Scheme.

⁶ The word 'Customer' must be read as 'Payment Service User' as defined in chapter 7

Identification	DS-01
Name	Customer ¹ -to-BankPSP NPC Credit Transfer Information
Rules applied	<p>Only when the Originator BankPSP offers to its Originators the service of accepting and processing electronically bundled Customer-to-BankPSP Credit Transfer Instructions, the Originator BankPSP is recommended to accept Customer-to-BankPSP Credit Transfer Instruction messages which follow the specifications defined in the NPC Credit Transfer Scheme Customer-to-BankPSP Implementation Guidelines covered in section 0.5 at the request of the Originator.</p> <p>Where any of the above attributes (except for AT-45, see rules applied in DS-02) are provided by the Originator within a payment instruction, they must be transported by the Originator BankPSP to the Beneficiary BankPSP in accordance with DS-02 subject to any overriding legal/regulatory requirements.</p> <p>Information relating to an Originator Reference Party and/or Beneficiary Reference Party is included only for the purpose of assisting the Originator and/or Beneficiary in managing their payments and is not required by the Originator BankPSP and/or Beneficiary BankPSP for the purpose of the execution of the payment to which the information relates.</p>
Remarks	<p>These attributes reflect business requirements and do not prescribe fields in the NPC Credit Transfer Scheme C2B-Customer-to-PSP Implementation Guidelines as defined in section 0.5.1.</p> <p>For this dataset, the attribute 23 'The BIC code of the Beneficiary BankPSP' only has to be provided when the Originator BankPSP is technically not able to derive the BIC from the IBAN of the account of the Beneficiary when held at a Beneficiary BankPSP in a non-EEA SEPA country or territory. This attribute remains mandatory in DS-02 (InterbankInter-PSP Payment).</p> <p>When the Beneficiary wishes to transfer back funds to the Originator related to an earlier executed Credit Transfer Transaction, but the Beneficiary does not have the IBAN of the account of the Originator (AT-01), the Beneficiary can provide in the Credit Transfer Transaction an alternative identifier to this attribute to the Beneficiary BankPSP. Specific usage rules are provided in [9]. The Beneficiary can only provide such identifier to the Beneficiary BankPSP when the Beneficiary and the Beneficiary BankPSP have a bilateral agreement for such service.</p>

4.5.2 DS-02 ~~Interbank~~Inter-PSP Payment Dataset

Identification	DS-02
Name	The Interbank Inter-PSP Payment Dataset
Description	This dataset describes the content of the Interbank Inter-PSP Payment message (mandatory unless otherwise indicated).
Attributes contained	<ul style="list-style-type: none"> 01 The IBAN of the account of the Originator 02 The name of the Originator 03 The address of the Originator (only mandatory when the Originator BankPSP or the Beneficiary BankPSP is located in a non-EEA SEPA country or territory) 04 The amount of the NPC Credit Transfer in the relevant Scheme Currencies and the relevant currency code 05 The Remittance Information (Optional) 06 The BIC code of the Originator BankPSP 08 The name of the Originator Reference Party (Optional) 09 The identification code of the Originator Reference Party (Optional) 10 The Originator identification code (Optional) 11 The Alias or Proxy/Alias of the account of the Originator's account (Optional) 20 The IBAN of the account of the Beneficiary 21 The name of the Beneficiary 22 The address of the Beneficiary (Optional) 23 The BIC code of the Beneficiary BankPSP 24 The Beneficiary identification code (Optional) 25 The Alias or Proxy/Alias of the account of the Beneficiary's account (Optional) 28 The name of the Beneficiary Reference Party (Optional) 29 The identification code of the Beneficiary Reference Party (Optional) 40 The identification code of the NPC electronic credit transfer Scheme 41 The Originator's reference of the Credit Transfer Transaction 42 The Settlement Date of the NPC Credit Transfer 43 The Originator BankPSP's reference number of the NPC Credit Transfer message 44 The purpose of the NPC Credit Transfer (Optional) 45 The category purpose of the NPC Credit Transfer (Optional)
Technical characteristics	From a business perspective, interbank-Inter-PSP NPC Credit Transfers are always considered to be single payments, each containing one Originator account and one Beneficiary account. The use of term "bulk payments" in the interbank-Inter-PSP space refers to the physical layer of the NPC Credit Transfer Scheme interbank-Inter-PSP Implementation Guidelines.
Rules applied	<p>Where an Originator has provided information in a specific payment instruction relating to an optional DS-02 field (with the exception of AT-45), this field will be populated in the interbank-Inter-PSP Payment message, subject to any overriding legal/regulatory requirements.</p> <p>Regarding AT-45, when the agreement between Originator and Originator BankPSP only involves a specific processing at Originator BankPSP level, said Originator BankPSP is not obliged to send AT-45 to the Beneficiary BankPSP as part of DS-02.</p>

4.6 Business Requirements for Attributes

This section defines the business requirements for the attributes used by the Scheme. The attributes used in the NPC Credit Transfer datasets are described below. Attribute numbering is as follows:

- 01 – 19 for attributes pertaining to the Originator;
- 20 – 39 for attributes pertaining to the Beneficiary;
- 40 – 79 for other attributes of a compliant NPC Credit Transfer;
- 80 onwards for attributes related to NCT inquiries and related responses;
- R01 onwards for attributes of Rejects/Returns/Recalls.

This numbering is only for cross-referencing purposes within the Rulebook.

AT-01	The IBAN of the account of the Originator
AT-02	The name of the Originator
AT-03	The address of the Originator
AT-04	The amount of the NPC Credit Transfer in the relevant Scheme Currencies and the relevant currency code
AT-05	The Remittance Information sent by the Originator to the Beneficiary in the Credit Transfer Instruction

These references are only used in combination with a the corresponding 'Alias' or National Account Number itself. The different national creditor rules have solutions for maintaining and performing necessary distribution of validation rules for the reference, where the Alias registry holds information regarding the validation rule for the reference. Therefore, when customers (Originators) have entered a structured reference, it is mandatory that the Originator BankPSP (Debtor Bank) validates the 'structured creditor reference' thru by validateing according to ISO rules 11649 (reference [10]) or checking the rule for validation connected to the 'Alias' the respective national creditor rules, to ensure the correctness of the structured reference that is used. <p>OR</p> <p>Use the ERI Option (reference document). This option supports the transmission and the processing of the following combination of RI in Credit Transfer Instructions and Transactions:</p> <ul style="list-style-type: none"> One occurrence of 140 characters of unstructured RI and Up to 999 occurrences of 280 characters of structured RI based on the ISO 20022 standard or OCR-references described as above. The Originator can refer to up to 999 invoices and credit notes in structured format to each Credit Transfer payment. All references must also have a referred amount and be of the same currency.

5. RIGHTS AND OBLIGATIONS OF PARTICIPANTS

5.1 The Scheme

Participation in the NPC Credit Transfer Scheme is on the basis of compliance with the following guiding principles:

- Participants from all countries in the EPC list of countries and territories included in the SEPA Schemes' geographical scope[11], from Greenland or from the Faroe Islands being able to process the Scheme Currencies participate on the basis that the level playing field principle is respected;
- All adhering Participants shall comply with the NPC Credit Transfer Scheme Rulebook on the same basis;
- Participants need to ensure that they at all times through their participation in the Scheme are compliant with the Regulation on Information accompanying Transfers of Funds and the provisions of Title III and Title IV of the Payment Services Directive or substantially equivalent binding practice affecting credit transfers.

5.2 Compliance with the Rulebook

A Participant shall comply ~~with the Rulebook including:~~

- The Rulebook, including amendments as and when they are made and properly communicated to Participants;
- ~~The Adherence Agreement undersigned by such party;~~
- ~~Annex II IV to the Rulebook~~

~~A Participant shall furthermore comply with the following binding documents, notices and orders related to the Rulebook:~~

- The NPC Credit Transfer Scheme ~~Interbank-Inter-PSP~~ Implementation Guidelines, reference [1];
- The NPC Scheme Management Rules, as set out in Annex II of this Rulebook;
- The NPC Scheme Currencies – currencies covered by the Scheme, reference [12]
- Any validly made order or notice issued as part of the NPC Scheme Management processes under the Rulebook chapter 6 and the NPC SMIR.

~~The above includes amendments as and when they are made and properly communicated to Participants in accordance with chapter 6 and NPC SMIR.~~

The features covered in references [1] and [9] and in **Annex V** with respect to the ERI Option, are only binding for the ERI Option Participants.

The parties to the Rulebook are the NPC and each Participant.

The Rulebook is a multilateral agreement comprising contracts between:

- The NPC and each Participant; and
- Each Participant and every other Participant.

A person who is not a party to the Rulebook shall have no rights or obligations under the Rulebook.

Kommentarad [JW73]: Alignment with EPC writing.

A Participant shall procure that its employees, its agents and the employees of its agents comply with all applicable obligations under the Rulebook.

5.3 Reachability

Each Participant shall offer services relating to the Scheme in the capacity of at least Beneficiary ~~BankPSP~~ by receiving payments under the Scheme and to processing them according to the rules of the Scheme. Each Participant needs to determine how to achieve full reachability for the NPC Credit Transfer Scheme. There are several ways for Participants to send and receive payment transactions to and from other Participants in the Scheme Currencies.

A Participant can use the services of a CSM to assist in the provision of its services to Beneficiaries and Originators.

A Participant can use the services of an Intermediary ~~BankPSP~~ to perform any functions in relation to an obligation arising under the Rulebook. The Participant shall ensure that its arrangements with such Intermediary ~~BankPSP~~ are consistent with, and do not detract from, the requirements of the Rulebook and the other documents listed at section 5.2.

Participants can choose any solution or a combination of solutions, as long as reachability and compliance with the Scheme is effectively ensured. A Participant uses the services of a CSM or Intermediary ~~BankPSP~~ at its own risk.

5.4 Eligibility for participation

In order to be eligible as a Participant, a Participant must at all times:

1. Be an NPC Scheme Member unless eligible to be an NPC Non-Member Participant;
2. Be active in the business of providing banking and/or payment services to ~~Customers~~Payment Service Users;
3. Be active in the business of providing accounts used for the execution of payments, holding the Funds needed for the execution of payments or making the Funds received following the execution of payments available to ~~Customers~~Payment Service Users;
4. Be established in a SEPA country or territory, as defined in the EPC list of countries and territories included in the SEPA Schemes' geographical scope, see reference [11], in Greenland or in the Faroe Islands;

1. Be active in the business of providing banking and/or payment services to ~~customers~~Payment Service Users;
2. Be established in a SEPA country or territory, as defined in the EPC list of countries and territories included in the SEPA Schemes' geographical scope, see reference [11], in Greenland or in the Faroe Islands;
3. Maintain a sufficient level of liquidity and capital in accordance with regulatory requirements to which it is subject;
4. Comply fully with applicable regulations in respect of money laundering, sanctions restrictions and terrorist financing;
5. Develop and effect operational and risk control measures appropriate to the business undertaken by the Participant.

Furthermore, an applicant which is the treasury of a sovereign state shall not be required to establish:

1. That it is able to pay its debts as they fall due or that it is not insolvent; or
2. That it meets rating or other criteria set under the terms of the Scheme for the purpose of establishing its ability to meet its financial obligations;

Kommenterad [JW74]: #Legal

3. Unless there are exceptional circumstances or the applicant is not the treasury of an EEA member state or Switzerland.

However, the Function for Compliance and Adherence may request such an applicant to demonstrate (in a legal opinion or otherwise) that it is the treasury of the state itself, and not the treasury of an organ or entity under the control of the state

A Participant shall notify the Secretariat immediately of any matter that is material to the Participant's eligibility as a Participant under this section 5.4. The Secretariat shall take reasonable steps to bring such notifications to the attention of all other Participants and the Scheme Management Committee ("SMC").

~~Any references in the Rulebook to a "bank" or "banks" shall be construed as including any undertaking or institution which is eligible under any of the categories listed above in this section.~~

5.5 Becoming a Participant

Any undertaking which is eligible under section 5.4 above may apply to become a Participant.

Applications shall be submitted to the NPC in accordance with its application procedures as set out in the NPC ~~Scheme Management RulesSMIR~~.

To apply to become a Participant, an undertaking shall submit to the NPC an executed and original Adherence Agreement and submit Supporting Documentation to the NPC. A Participant may appoint an agent to complete an Adherence Agreement on its behalf. If the latter procedure is adopted the Participant undertakes all rights and obligations under the Rulebook and the documents specified in section 5.2 above as if it had completed the Adherence Agreement itself.

The NPC may require additional information from the applicant in support of its application.

An applicant becomes a Participant on an admission date specified by the NPC in accordance with the NPC ~~Scheme Management RulesSMIR~~. Names of applicants which will become Participants at a future date may be pre-published, and a date designated and published when they will become Participants.

In consideration of the mutual obligations constituted by the Rulebook, an applicant agrees to be bound by, becomes subject to and shall enjoy the benefits of, the Rulebook upon becoming a Participant.

If the application to become a Participant is rejected, the applicant shall receive notice of such in writing and be provided with a statement of the reasons for such rejection.

Upon receipt of such a written rejection, the applicant may appeal against the decision in accordance with the NPC ~~Scheme Management RulesSMIR~~.

5.6 NPC Credit Transfer Scheme List of Participants

The NPC Credit Transfer Scheme List of Participants shall be maintained in good and up-to-date order by the NPC and is available to Participants when issued or updated.

Such list shall contain:

- Current contact details for each Participant for the purpose of enabling notices to be served on Participants in accordance with the Rulebook;
- The date on which each Participant attained Participant status;
- Details of undertakings which have been removed from the list, including the date of their removal; and

- Such other information as is considered appropriate in the interests of the effective management of the Scheme (e.g. Participants adhered currency/currencies).

Any changes to operational, contacting or invoicing details shall be provided by Participants in accordance with the Scheme management process as stipulated in the NPC [Scheme Management RulesSMIR](#).

By submitting an application to become a Participant, an undertaking consents to publication of the details referred to in this section 5.6.

5.7 Obligations of an Originator ~~BankPSP~~

In respect of each of its Originators, an Originator ~~BankPSP~~ shall:

1. Ensure that Terms and Conditions exist governing the provision and use of services relating to the Scheme;
2. Ensure that such Terms and Conditions are consistent with the Rulebook;
3. Ensure that such Terms and Conditions make adequate provision for the Originator ~~BankPSP~~'s succession (e.g. through merger or acquisition), in accordance with the Rulebook;
4. Not restrict its Originators from obtaining similar services relating to the Scheme from any other Originator ~~BankPSP~~;
5. Provide to the Beneficiary ~~BankPSP~~ the required payment information (as described in DS-02, in Chapter 4) and the payment value in sufficient time and manner to allow the Beneficiary ~~BankPSP~~ to comply with its obligations under the Rulebook;
6. Identify the payment to the Beneficiary ~~BankPSP~~ as a payment made under the terms of the Scheme;
7. Treat any Credit Transfer Instruction not fulfilling the requirements of the Rulebook outside the Scheme or decline to process such instruction;
8. Provide to Originators the means of initiating Credit Transfer Instructions and accepting the applicable data and format requirements;
9. Provide to Originators information on the currencies for the submission and execution of Credit Transfer Instructions through each available channel;
10. Provide to Originators information on the Cut-off Time for the submission and execution of Credit Transfer Instructions through each available channel;
11. Ensure the authenticity and validity of the Originator's instructions;
12. Validate each Credit Transfer Instruction, accept (subject to account status and the terms of its agreement with the Originator) each valid Credit Transfer Instruction, and reject each invalid Credit Transfer Instruction. For these purposes, validation includes checking the plausibility of the IBAN of the Beneficiary and when requested by the Originator ~~BankPSP~~, the validity of the Beneficiary ~~BankPSP~~'s BIC;
13. Verify if the Beneficiary ~~BankPSP~~ adheres to the currency of the Credit Transfer Instruction and only if the Beneficiary ~~BankPSP~~ adheres forward the Credit Transfer Transaction;
14. In case of Cross-border Credit Transfer Instruction, verify if the Beneficiary ~~BankPSP~~ supports Cross-border Payments in that currency and only if the Beneficiary ~~BankPSP~~ supports Cross-border Payments in that currency forward the Credit Transfer Transaction;
15. Provide an explanation to the Originator of the reason for rejecting any payment instruction in a manner and within a timeframe as may be agreed with the Originator;

16. Following acceptance of a Credit Transfer Instruction, debit the specified account of the Originator, route the NPC Credit Transfer to the specified Beneficiary **BankPSP** for credit of the account of the Beneficiary identified in the Credit Transfer Instruction;
17. Provide an explanation to the Originator and/or the Beneficiary **BankPSP** as to how a Credit Transfer Instruction has been processed and provide to the Originator all reasonably requested information in the event of a dispute;
18. Ensure that all Credit Transfer Instructions comply with the standards set out in the Credit Transfer Scheme ~~Interbank~~**Inter-PSP** Implementation Guidelines;
19. Effect exception processing in accordance with the Rulebook;
20. Comply with applicable provisions issued from time to time in relation to risk management as set out in the Rulebook and **Annex III**;
21. Ensure the ongoing compliance of its own rules, procedures and agreements with the laws, regulations and generic supervisory requirements applicable to them;
22. Enter into an agreement governing the provision and use of services relating to the Scheme only after applying the principles of know your customer;
23. Ensure that such agreement is consistent with the Rulebook and that such agreement is complete, unambiguous and enforceable;
24. Enter into legally binding agreements with its NPC Credit Transfer service providers covering all functions performed by those providers in direct connection with the Scheme, ensure that such agreements are complete, unambiguous and enforceable on each contractual party and safeguard the ongoing compliance of such agreements with the laws applicable to them;
25. Require the CSM(s) to which it is connected to act in compliance with the Scheme rules;
26. Provide Originators with adequate information on their risks as well as the respective rights and obligations of the Originator, Beneficiary, Originator **BankPSP** and Beneficiary **BankPSP**, where relevant, including those specified in the applicable legislation, in relation to the NPC Credit Transfer as well as to the Scheme in question, and information about the service level offered and any charges that apply to the service being performed;
27. Immediately (without any further delay) report to the NPC about unmitigated Risks of Scheme-Wide Importance and about Major Incidents that affect the smooth functioning of the Scheme;
28. Without delay report to the NPC about issues or complaints related to the Credit Transfer Transactions that were raised by Originators or Beneficiaries and about internal or external audit findings, where such matters are deemed to be Issues or Complaints of scheme-wide importance;
- 28,29. In case an Originator PSP is also Originator of the Credit Transfer Instruction, the provisions of the present section apply subject to applicable law.

It is a precondition to the Originator **BankPSP**'s obligations in respect of a Credit Transfer Instruction, that the Beneficiary has provided to the Originator the IBAN or an Alias accepted by the Originator **BankPSP** of the Beneficiary's account to be credited (and the BIC of the Beneficiary **BankPSP** if the Originator **BankPSP** explicitly requests the BIC of the Beneficiary **BankPSP** whereby at least one of the two **BankPSP**s is located in a non-EEA Scheme currency country or territory). Furthermore, the Originator **BankPSP** has no obligations to transmit data relating to the remittance unless this has been provided by the Originator.

An Originator **BankPSP** shall oblige each of its Originators, in relation to any Credit Transfer Instruction which the Originator **BankPSP** accepts, in accordance with the relevant requirements set out in the Rulebook, to:

Kommenterad [JW76]: #CT19

~~29-30.~~ Provide the Originator ~~BankPSP~~ with sufficient information for the Originator ~~BankPSP~~ to make the NPC Credit Transfer in compliance with the Rulebook;

~~30-31.~~ Supply the required payment data accurately, consistently, and completely.

5.8 Obligations of a Beneficiary ~~BankPSP~~

In respect of each of its Beneficiaries, a Beneficiary ~~BankPSP~~ shall:

1. Ensure that Terms and Conditions exist governing the provision and use of services relating to the Scheme;
2. Ensure that such Terms and Conditions are consistent with the Rulebook;
3. Ensure that such Terms and Conditions make adequate provision for the Beneficiary ~~BankPSP~~'s succession, in accordance with the Rulebook;
4. Provide Beneficiaries with adequate information on the respective rights and obligations of the Originator, Beneficiary, Originator ~~BankPSP~~ and Beneficiary ~~BankPSP~~ in relation to the Scheme, and information about the service level offered and any charges that apply to the service being performed;
5. Apply the standards set out in the Credit Transfer Scheme ~~Interbank~~Inter-PSP Implementation Guidelines to the processing of its received payment instructions and to the provision of information to its ~~Customers~~Payment Service Users;
6. Effect exception processing in accordance with the Credit Transfer Rulebook;
7. Receive the NPC Credit Transfer from the Originator ~~BankPSP~~ and credit the account of the Beneficiary identified by the IBAN in the Credit Transfer Instruction as the unique identifier, provided that applicable regulations in relation to money laundering and terrorist financing have been complied with;
8. Validate the syntax of the Credit Transfer Instruction, accept it if it is in accordance with the requirements of the Rulebook, and carry out exception processing in accordance with the Rulebook if it is invalid together with a reason code;
9. Credit the account of the Beneficiary with the full amount of the payment in accordance with the time cycle defined in Chapter 4, or for a lesser amount subject to any agreement with the Beneficiary under which the Beneficiary ~~BankPSP~~ may deduct its own fees from the amount transferred before crediting the Beneficiary's account;
10. In the event of a dispute, provide to the Originator ~~BankPSP~~ an explanation as to how a Credit Transfer Instruction has been processed and any further information reasonably requested;
11. Provide to the Beneficiary the IBAN and BIC relating to his account;
12. Comply with applicable provisions issued from time to time in relation to risk management as set out in the Rulebook and ~~Annex III~~IV;
13. Ensure the ongoing compliance of its own rules, procedures and agreements with the laws, regulations and generic supervisory requirements applicable to them;
14. Enter into an agreement governing the provision and use of services relating to the Scheme only after applying the principles of know your customer;
15. Ensure that such agreement is consistent with the Rulebook and that such agreement is complete, unambiguous and enforceable;
16. Enter into legally binding agreements with their NPC Credit Transfer service providers covering all functions performed by those providers in direct connection with the Scheme, ensure that such agreements are complete, unambiguous and enforceable on each contractual party and safeguard the ongoing compliance of such agreements with the laws applicable to them;

17. Require the CSM(s) to which it is connected to act in compliance with the Scheme rules;
18. Provide Beneficiaries with adequate information on their risks as well as the respective rights and obligations of the Originator, Beneficiary, Originator ~~BankPSP~~ and Beneficiary ~~BankPSP~~, where relevant, including those specified in the applicable legislation, in relation to the NPC Credit Transfer as well as the Scheme in question, and information about the service level offered and any charges that apply to the service being performed;
19. Immediately (without any further delay) report to the NPC about unmitigated Risks of Scheme-Wide Importance and about Major Incidents that affect the smooth functioning of the NPC Credit Transfer Scheme;
20. Without delay report to the NPC about issues or complaints related to NCT Transactions that were raised by Originators or Beneficiaries and about internal or external audit findings, where such matters are deemed to be Issues or Complaints of Scheme-Wide Importance;
- ~~20-21.~~ In case a Beneficiary PSP is also Beneficiary of the NCT Transaction, the provisions of the present section apply subject to applicable law.

5.9 Liability and Limitation of Liability

5.9.1 Scope of Liability

A Participant who is party to an NPC Credit Transfer shall be liable to the other Participant who is also party to that NPC Credit Transfer for all foreseeable losses, costs, damages and expenses (including reasonable legal fees), taxes and liabilities for any claims, demands or actions (each referred to as a "Loss"), where the Loss arises out of or in connection with:

1. Any material breach of the Rulebook relating to the NPC Credit Transfer by the relevant Participant, its employees or agents;
2. Any negligent act or omission of the relevant Participant, its employees, agents or the employees of its agents relating to the NPC Credit Transfer insofar as relevant to the operation of the Scheme;
3. Any operational failure of the relevant Participant, its employees or agents relating to the NPC Credit Transfer insofar as relevant to the operation of the Scheme.

5.9.2 Limits on Liability

A Participant's liability under the Rulebook is limited as follows:

1. The maximum amount which may be claimed in respect of a Loss is the amount of the NPC Credit Transfer;
2. The cap on liability applies even if there has been gross negligence by the liable Participant, its employees or agents;
3. The cap on liability does not apply in the event of intent by the liable Participant, or by the Participant's employees or agents;
4. The maximum amount which may be claimed in respect of a Loss is subject to proportionate reduction in the case of contributory negligence of the Participant making the claim, its employees or its agents;
5. A Loss which results from action taken to limit or manage risk shall not be claimed;
6. A Loss can be regarded as foreseeable only if it is regularly experienced by Participants active in making credit transfers in the Scheme Currencies.

5.9.3 Force majeure

Further, a Participant shall not be liable for any failure, hindrance or delay in performance in whole or in part of its obligations under the Rulebook if such failure, hindrance or delay arises out of circumstances beyond its control (force majeure). Such circumstances may include, but are not limited to, criminal action, fire, flood and unavailability of energy supplies.

5.10 Liability of the NPC

The NPC, its agents, employees or the employees of its agents shall not be liable for anything done or omitted in the exercise of any discretion under the Rulebook unless it is shown that the act or omission was effected intentionally.

The NPC, its agents, its employees and the employees of its agents shall not be liable for any losses which are not foreseeable.

5.11 Termination

A Participant may terminate its status as a Participant by giving no less than six months' prior written notice to the Secretariat, such notice to take effect on a NPC designated day (for which purpose such a day will be designated at least one day for each month). As soon as reasonably practicable after receipt of such notice, the notice or a summary thereof shall be published by the Secretariat to all other Participants in an appropriate manner.

Notwithstanding the previous paragraph, upon receipt of the Participant's notice of termination by the Function for Compliance and Adherence, the Participant and the NPC may mutually agree for the termination to take effect on any day prior to the relevant designated day.

A former Participant shall continue to be subject to the Rulebook in respect of all activities which were conducted prior to termination of its status as a Participant and which were subject to the Rulebook, until the date on which all obligations to which it was subject under the Rulebook prior to termination have been satisfied.

Upon termination of its status as a Participant, an undertaking shall not incur any new obligations under the Rulebook. Further, upon such termination, the remaining Participants shall not incur any new obligations under the Rulebook in respect of such undertaking's prior status as a Participant. In particular, no new NPC Credit Transfer obligations may be incurred by the former Participant or in favour of the former Participant.

The effective date of termination of a Participant's status as a Participant is (where the Participant has given notice in accordance with the first paragraph of section 5.11) the effective date of such notice, or (in any other case) the date on which the Participant's name is deleted from the NPC Credit Transfer Scheme List of Participants, and as of that date the Participant's rights and obligations under the Rulebook shall cease to have effect except as stated in this section 5.11.

This section, sections 5.9, 5.10, 5.12 and **Annex II** of the Rulebook shall continue to be enforceable against a Participant, notwithstanding termination of such Participant's status as a Participant.

5.12 Intellectual Property

The Participants acknowledge that any copyright in the Rulebook belongs to the NPC or the EPC. The Participants shall not assert contrary claims, or deal with the Rulebook in a manner that infringes or is likely to infringe the copyright held by the NPC or the EPC in the Rulebook.

5.13 Contractual provisions

The Rulebook contains legal obligations which are binding on the Participants and which are enforceable against a Participant by the NPC or another Participant. The whole Rulebook is intended to have legal effect. In the event of any inconsistency between the provisions of the Rulebook, the provisions of this Chapter 5 shall prevail. Subject to the prevalence of provisions in this Chapter 5, the provisions of Chapter 4 shall prevail over any other provision in the Rulebook.

In the event of an inconsistency between the provisions of the Rulebook and any other agreement or convention between the Participants and the NPC in relation to the subject matter of this Rulebook, the provisions of this Rulebook shall prevail.

The terms of each agreement governing the provision and use of services relating to the Scheme between respectively the Originator and Originator ~~BankPSP~~ and the Beneficiary and Beneficiary ~~BankPSP~~ shall continue for the benefit of the successors and permitted assignees of any relevant party.

Any reference in the Rulebook to statutes or statutory instruments shall be to such statutes or statutory instruments as amended or replaced from time to time.

Every document that is required to be provided under the Rulebook shall be provided in the English language.

Any reference in the Rulebook to a person or an undertaking (howsoever described) shall include its successors.

Headings in the Rulebook are used for ease of reference only.

The Rulebook is governed by, and shall be construed in accordance with, Swedish law.

The Rulebook is drawn up in the English language. If the Rulebook is translated into any other language, the English language text prevails.

5.14 Application of the EU legislation between Participants

Each Participant that is not subject to the Payment Services Directive under its national law shall vis-à-vis other Participants and vis-à-vis its ~~Customers-Payment Service Users~~ and to the extent permitted by the national law applicable to such Participant, comply with and perform obligations that are substantially equivalent to those provisions in Title III and IV of the Payment Services Directive which are relevant for NPC Credit Transfers.

Further, each Participant (whether or not subject to the Payment Services Directive) shall refrain, to the extent reasonably possible, from exercising any rights accorded to it under its national law vis-à-vis other Participants and vis-à-vis its ~~Customers-Payment Service Users~~ that either conflict or that could potentially conflict with the provisions in Title III and IV of the Payment Services Directive.

The obligations of each Participant (whether or not subject to the Payment Services Directive) under the Rulebook shall apply notwithstanding that the Payment Services Directive is limited in its geographical scope (art.2 Payment Service Directive). For the avoidance of doubt and notwithstanding the above paragraphs of this section, it is recognised that the compliance obligations for a Participant that is not subject to the Payment Services Directive under its national law and is operating outside the EEA shall not include the obligations resulting from Article 66 and related Articles of the Payment Services Directive as these Articles should only apply in combination with the authorisation framework within the EEA in accordance with Titles I and II of the Payment Services Directive.

6. NPC SCHEME MANAGEMENT

The NPC acting in accordance with the NPC Bylaws.

NPC Scheme Management comprises of two functions. The first function involves managing the development and change management of the Scheme and the second function involves the administration of the Scheme and the process of ensuring compliance with its rules. The detailed rules that describe the operation of these functions are set out in the NPC [Scheme Management Rules SMIR](#) in **Annex II** of the Rulebook.

6.1 Development and Change Management

The development and change management function of NPC Scheme Management establishes formal change management procedures for the Scheme. The change management procedures aim to ensure that the Scheme is kept relevant for its users and up-to-date, with structured processes for initiating and implementing changes to the Scheme, the Rulebook and related documentation. An important component of change management is the innovation of ideas for enhancing the quality of the existing Scheme as well for developing new schemes, based always on sound business cases.

The development of change proposals is to be carried out through clear, transparent and structured channels, which take into account the views of Participants, NPC service suppliers, end-users as well as other concerned groups.

The development and change management function shall be performed by the SMC, supported by working and support groups established under the SMC. The Scheme Management Group shall perform the development and change management function in accordance with the procedures set out in the NPC [Scheme Management Rules SMIR](#).

6.2 Administration and Compliance

The administration and compliance function carried out by the Secretariat, of Scheme Management establishes rules and procedures for administering the adherence process for the Scheme, for addressing cases of claimed non-compliance by Participants with the rules of the Scheme and for addressing situations where Participants are unable to resolve their issues through local, national dispute resolution methods.

In addition, the NPC [Scheme Management Rules SMIR](#) provide for an appeals process on decisions taken by the Secretariat on adherence and complaints matters. The appeals function is detailed in the NPC Bylaws and the NPC [Scheme Management Rules SMIR](#).

The administration and compliance function aims to ensure that the Schemes are administered fairly and transparently at every stage in accordance with the Rulebook and general principles of applicable law.

The administration and compliance function shall be performed by the Secretariat as set out in detail in the NPC [Scheme Management Rules SMIR](#). The roles, rights and powers of the SMC and the Secretariat are set out in detail in the NPC Internal Rules and in the NPC Bylaws.

The SMC and the Secretariat are established by the NPC in accordance with the NPC Bylaws and the Internal Rules as organs of the NPC. In this Rulebook, references to the rights, obligations and entitlements of the SMC and the Secretariat may be read as references to the rights, obligations and entitlements of the NPC.

The NPC [Scheme Management Rules SMIR](#) form part of this Rulebook and may only be amended in accordance with the procedures set out in the section 3 of the NPC [Scheme Management Rules SMIR](#).

The NPC Scheme Management Rules SMR shall be binding on Participants in accordance with section 1.4 and 5.2 of the Rulebook.

Annex I

NPC CREDIT TRANSFER ADHERENCE AGREEMENT

NPC Credit Transfer Adherence Agreement

To: The Nordic Payments Council (the “NPC”)

From: Name of Applicant[s]*:

[As set out in the list annexed to this Adherence Agreement]*

([each]* an “Applicant”)

*Please include the text in square brackets if this Adherence Agreement covers more than one entity.

PREAMBLE

- (A) The NPC Credit Transfer Scheme (the “**Scheme**”) is a Credit Transfer Scheme for specified Scheme Currencies used by NPC Participants from a country listed in the EPC List of SEPA Scheme Countries as defined in the NPC Credit Transfer Scheme Rulebook (the “**Rulebook**”), from Greenland or from the Faroe Islands.
- (B) The NPC oversees the operation of the Scheme in accordance with the terms and conditions set out in the Rulebook.
- (C) The Rulebook sets out the rights and obligations of all entities bound by its terms (the “**Participants**”), and the NPC binds each Participant to comply with their obligations to the NPC and to all other Participants pursuant to the rules set out therein.
- (D) The NPC, acting on its own behalf and on behalf of all Participants, will notify the Applicant of the date following the Readiness Date as defined below on which this NPC Credit Transfer Adherence Agreement (the “**Adherence Agreement**”) becomes effective (the “**Effective Date**”) as between the Applicant, the NPC and other Participants.
- (E) As of the Effective Date the Applicant shall become a Participant and be bound to all the obligations, and entitled to all the benefits, set out in the Rulebook.

IT IS HEREBY AGREED AS FOLLOWS:

1. The Applicant hereby undertakes to all Participants and to the NPC to perform the obligations imposed by and to comply with the provisions of the Rulebook, as modified from time to time, with effect from the Effective Date.
2. The Applicant acknowledges and undertakes the following:
 - 2.1. The Applicant is a NPC Scheme Member or has been approved by the NPC’s Board of Directors as meeting the eligibility requirements in the NPC Bylaws for a NPC Non-Member Participant.
 - 2.2. The signatories of the Applicant [and the agent signing on behalf of the Applicant] have all necessary corporate authorisations and the power and authority to bind the Applicant to the Rulebook.

- 2.3. The Applicant ensures that it satisfies and will at all times during its participation in the Scheme satisfy the eligibility criteria for participation in the Scheme as set out in the Rulebook. If at any time, the Applicant has reason to believe that it no longer satisfies such criteria, or may be unable to satisfy such criteria, it shall notify the NPC immediately of the circumstances.
- 2.4. The Applicant is in a position to comply with all of the obligations set out in the Rulebook by the **"Readiness Date"** as stated in the accompanying Schedule.
3. By submitting this completed form of Adherence Agreement, the Applicant agrees to be bound by the provisions of the NPC Scheme Management ~~Internal~~ Rules (~~"NPC SMIR"~~) governing applications for participation in the Scheme, whether or not it becomes a Participant.
4. Any communication, including service of process, to be made with the Applicant under or in connection with the Rulebook shall be made in writing and addressed to the Applicant at the address set out in the accompanying Schedule.
5. The Applicant consents to the publication of its name and basic details of its adherence application on the public website of the NPC.
6. This Adherence Agreement is governed by Swedish law. If the Parties have not been able to settle any dispute, controversy or claim arising out of or in connection with this Adherence Agreement, or the breach, termination or invalidity thereof, in an amicable manner as set out in the NPC ~~Scheme Management Rules~~ ~~SMIR~~, the dispute, controversy or claim shall be finally settled by arbitration in accordance with the Arbitration Rules of the Arbitration Institute of the Stockholm Chamber of Commerce (the **"SCC"**).

The Arbitration Rules by the SCC shall apply, unless the SCC in its discretion determines, taking into account the complexity of the case, the amount in dispute and other circumstances, that Rules for Expedited Arbitrations shall apply. In the former case, the Arbitral Tribunal shall be composed of three arbitrators.

The seat of arbitration shall be Stockholm. The language to be used in the arbitral proceedings shall be English.

Annex V EXTENDED REMITTANCE INFORMATION (ERI) OPTION

0. Annex V - Introduction to this Annex

The Scheme foresees an Extended Remittance Information (ERI) Option whereby the following combination of Remittance Information (RI) can be transmitted:

- One occurrence of 140 characters of unstructured RI **and**
- Up to 999 occurrences of 280 characters of structured RI based on the ISO 20022 standard.

The ERI Option gives Originators the possibility to transmit this specific ERI combination end-to-end to the Beneficiary through the Customer-to-~~BankPSP~~ (C2~~PSPB~~) Credit Transfer Instruction messages used under the Scheme.

The description of the ERI Option is contained in the following documents:

1. This Annex of the Rulebook: it covers the specific business and operational rules, and rights and obligations of the ERI Option;
2. The adapted ISO 20022 XML message standards for the C2~~B~~PSP and the ~~Interbank~~Inter-PSP messages defined in [9] and [1] of the Rulebook.

1. VISION AND OBJECTIVES

1.7 The Business Benefits of the Scheme

For Originators and Beneficiaries as users:

(Addition at the end of the section)

The inclusion of the Extended Remittance Information (ERI) Option brings additional advantages to especially corporate Originators and Beneficiaries:

- Transmission of a large volume of structured Remittance Information (RI) within a single Credit Transfer Instruction that has a concrete value for the Beneficiary or leads to a swift settlement of several payment obligations for the Originator. Examples are:
 - Use of a single Credit Transfer Instruction by the Originator to settle a total amount of several accounts payables, possibly netted off with granted credit note, while transmitting structured RI and amount positive or negative for each concerned invoice and credit note item;
 - Receipt of a single Credit Transfer Transaction amount that settles several accounts receivables, possibly netted off with granted credit notes, whereby the received structured RI is automatically straight through processed and reconciled with each relevant open accounts receivable position.
- Less need to use other means to exchange large volume of RI or other information related to accounts payable, accounts receivable or to other business transactions.

For Participants

(Addition at the end of the section)

The inclusion of the ERI Option brings additional advantages to the Participants:

- Participants can offer an additional optional ~~NPC wide~~ standardised service for Originators and Beneficiaries that wish to exchange a high volume of structured RI with their counterparties;
- Participants can increase the commercial attractiveness of their NPC Credit Transfer services and as an effect the Scheme itself.

2. SCOPE OF THE SCHEME

2.2 Description of Scope of the Scheme

The following key elements are included within the scope of the Scheme:

(Addition at the end of the section)

- The ERI Option supports the transmission and the processing of the following combination of RI in Credit Transfer Instructions and Transactions:
 - One occurrence of 140 characters of unstructured RI **and**
 - Up to 999 occurrences of 280 characters of structured RI based on the ISO 20022 standard.
- ERI Option Participants are Participants who have formally declared their participation to this Option to the NPC;
- The ERI Option does not support:
 - The exchange of unstructured ERI of more than one occurrence of 140 characters of unstructured RI;
 - The exchange of structured ERI through message formats based on another standard than ISO 20022 or through interfaces between the Scheme actors that do not support ISO 20022 XML messages.

2.6 Reachability

(Addition at the end of the section)

ERI Option Participants shall offer services related to the ERI Option in the role of at least Beneficiary ~~BankPSP~~, or in the role of both Originator ~~BankPSP~~ and Beneficiary ~~BankPSP~~.

2.7 Remittance Data

(Replacement of the contents of the entire section with the following text)

The unstructured RI and the extended structured RI under the ERI Option supplied by the Originator in the Credit Transfer Instruction must be forwarded in full and without alteration by the Originator ~~BankPSP~~ and any Intermediary ~~BankPSP~~ and CSM to the Beneficiary ~~BankPSP~~.

If the Beneficiary has an arrangement with the Beneficiary ~~BankPSP~~ for the concrete delivery and presentation of ERI, the Beneficiary ~~BankPSP~~ must deliver the ERI to the Beneficiary in accordance to the specifications concluded in such arrangement.

In case there is no such arrangement between the Beneficiary ~~BankPSP~~ and the Beneficiary, the Beneficiary ~~BankPSP~~ must deliver only the received occurrence of 140 characters of unstructured RI in full and without alteration to the Beneficiary.

When the Originator provides a Structured Creditor Reference with a Credit Transfer Instruction, it is mandatory that the Originator ~~BankPSP~~, at the point of capture from the Originator, checks both the correctness of the Structured Creditor Reference as well as that all ERI's contains an amount and that the sum of all ERI's equals the payment amount.

4. BUSINESS AND OPERATIONAL RULES MODEL

New section 'ERI Processing'

(This section precedes the section 'Business Requirements for Datasets')

- The Originator BankPSP must verify upfront if the Beneficiary BankPSP is an ERI Option Participant or not. The Originator BankPSP sends Credit Transfer Transactions containing ERI only to those Beneficiary BankPSPs that are ERI Option Participants.

In case the Originator BankPSP receives Credit Transfer Instructions containing ERI addressed to a Beneficiary BankPSP that is not an ERI Option Participant, the Originator BankPSP must reject the concerned Credit Transfer Transactions addressed to this Beneficiary BankPSP unless the Originator BankPSP and the Originator have made an arrangement whereby in such case, the Originator BankPSP can just transfer the single occurrence of the 140 characters of unstructured RI and can remove the occurrences of structured RI.

- The Originator BankPSP must, upfront, validate the structured creditor reference in all ERI's and that all have a referred amount as well as that the amount of the Credit Transfer equals the sum of the amounts of the referred references.

In case the Originator BankPSP receives Credit Transfer Instructions containing ERI where there is an incorrectness in the structured reference and/or a missing referred document amount and/or that the amount of the Credit Transfer do not equal the sum of the amounts of the referred references, the Originator BankPSP must reject the concerned Credit Transfer Transactions.

Kommentarad [MB88]: TYPO change

- The ERI is transmitted from the Originator to the ERI Option Participants based on the ISO 20022 XML Customer-to-BankPSP messages described in [9], the ISO 20022 XML InterbankInter-PSP messages described in [1] of the Rulebook and the XML BankPSP-to-Customer message described in [14];
- Each ERI Option Participant determines with its CSM and Intermediary BankPSPs how to transport the ERI up to the ERI Option Participant-counterparty;
- The Beneficiary BankPSP passes as a minimum the occurrences of structured RI to the Beneficiary. The Beneficiary BankPSP is free to arrange with the Beneficiary to submit as well the unstructured RI;
- The exchange of ERI between the Beneficiary BankPSP and the Beneficiary is only made available through an agreed **electronic** format (preferably based on ISO 20022);
- In case the Beneficiary BankPSP is an ERI Option Participant, but the Beneficiary has not arranged with the Beneficiary BankPSP on the delivery and the presentation of ERI, the Beneficiary BankPSP removes the occurrences of structured RI and transmits only the occurrence of 140 characters of unstructured RI to the Beneficiary;
- The messages used for exception processing and inquiries for ERI-populated Credit Transfer Transactions must only contain the occurrence of 140 characters of unstructured RI.

5. RIGHTS AND OBLIGATION OF ALL PARTICIPANTS

5.2 Compliance with the Rulebook

(Addition at the end of the section)

In addition, an ERI Option Participant shall comply with the **Annex V** of the Rulebook, including amendments as and when they are made and properly communicated to ERI Option Participants, and with the sections foreseen for **Annex V** in the Implementation Guidelines of the Rulebook.

5.3 Reachability

(Addition at the end of the section)

ERI Option Participants shall offer services related to the ERI Option in the role of at least Beneficiary ~~BankPSP~~, or in the role of both Originator ~~BankPSP~~ and Beneficiary ~~BankPSP~~.

Each ERI Option Participant needs to determine how to achieve full reachability for the use of the ERI Option.

5.4 Eligibility for participation

(Addition at the end of the section)

In order to be eligible as an ERI Option Participant, an ERI Option Participant must at all times be a Participant to the Scheme.

5.5 Becoming a Participant

(Additions at the end of the section)

In addition, a Participant that applies to become an ERI Option Participant shall formally declare its participation to this Option according to the procedures defined by the NPC.

An applicant becomes an ERI Option Participant on an admission date specified by the NPC in accordance with the NPC ~~Scheme Management Rules~~^{SMIR}. Names of applicants which will become ERI Option Participants at a future date may be pre-published, and a date designated and published when they will become ERI Option Participants.

In consideration of the mutual obligations constituted by the Rulebook, an applicant agrees to be bound by, becomes subject to and shall enjoy the benefits of the **Annex V** of the Rulebook upon becoming an ERI Option Participant.

5.6 NPC Credit Transfer Scheme List of Participants

(Addition at the end of the section)

5.11 Termination

(Additions at the end of the section)

A Participant may terminate its status as an ERI Option Participant by giving no less than six months' prior written notice to the Secretariat, such notice to take effect on a designated day (for which purpose such a day will be designated at least one day for each month). As soon as reasonably practicable after receipt of such notice, it or a summary shall be published to all other Participants in an appropriate manner.

Notwithstanding the previous paragraph, upon receipt of the Participant's notice of termination as an ERI Option Participant by the Secretariat, the Participant and the Secretariat may mutually agree for the termination to take effect on any day prior to the relevant designated day.

An ERI Option Participant shall continue to be subject to the Rulebook in respect of all activities which were conducted prior to termination of its status as an ERI Option Participant and which were subject to the Rulebook, until the date on which all obligations to which it was subject under the Rulebook prior to termination have been satisfied.

Upon termination of its status as an ERI Option Participant, an undertaking shall not incur any new obligations under the Rulebook. Further, upon such termination, the remaining ERI Option Participants shall not incur any new obligations under the Rulebook in respect of such undertaking's prior status as an ERI Option Participant. In particular, no new NPC Credit Transfer obligations may be incurred by the former ERI Option Participant or in favour of the former ERI Option Participant.

The effective date of termination of a Participant's status as an ERI Option Participant is (where the Participant has given notice in accordance with the seventh paragraph of section 5.11) the effective date of such notice, or (in any other case) the date on which the Participant's name is deleted from the Sub-List of ERI Option Participants, and as of that date the ERI Option Participant's rights and obligations under the Rulebook shall cease to have effect except as stated in this section 5.11.

This section, sections 5.9, 5.10, 5.12 and **Annex II** of the Rulebook shall continue to be enforceable against an ERI Option Participant, notwithstanding termination of such Participant's status as an ERI Option Participant.
